Dear Mr Ananad,

I do not think like this we can learn any system the way you are seeking.
Simply go through the lessons, try to understand basics and write down any
doubt you have meanwhile. We all are learning in similar way.

Dear Shalini ji,

Ok lets get the learning on the way regarding your questions, shall we.

- 1) Why does Ju cause delay?
- 2) What is the meaning of a planet having more than 4 bindus mean?
- 3) What is the meaning of Malefic Aspect?
- 4) What is the meaning of Conjunction?
- 5) Why is Ju special for Marriage?
- 6) Why are we checking Ju for marriage related questions?
- 7) Why specifically Ju in libra is given in lessons? What is the significance of that?
- 8) What is the meaning of Ju being 6th lord and with more than 4 bindus?
- 9) What happens when 6th lord conjoins any planet?
- 10) What happens when Ju as 6th lord aspects House A and B or their lords but both?
- 11) What happens when 6th lord is Ju and conjoins LoA and LoB?
- 12) What happens when Ju is 6th lord and in 4th house and what is the differenece when Ju is with more than 4 bindus and what is the effect when it is with less than 4 bindus?

Lets focus on the very basics and hopefully, you will start to get your answers regarding Ju's delay.

Lets start the learning.

Cheers !!!

Take your time and i hope you will understand every basic as Ash ji advised.You are doing so good we all can see,rather you are on the verge of standing as an advanced student.

So being a good student honour your teacher.I wish you could go through archives and if not ask one question at a time to add a link for the chain slowly.

Dear Ash Ji,

As you are not sure about my understanding about conjunction it is this; If they are in the same sign they are in conjunction if they are in the same sign in d-9 chart they become SD if two planets are in the same star they are SD to one another. I never had any doubt about 6L causing delay if with a karak as you may remember I had stated as such for the chart that dear Manu Ji had posted. However, I wanted confirmation on this point, only confirmation a simple yes or no is not spoon feeding. In the archives I have read that Jupiter in Libra becomes spoilt because to refer to #1175 Where dear Guru Ji had responded to a query about Jupiter in Libra.

I learn better from your posts in archives than by direct communication with you.

Thank You.

With Kind Regards,

Shalini

> Q2 -> Ok, so in reference to your initial question regarding Ju, I think your reference to Ju with less bindus and more bindus should get clear or atleast the understanding of the same should start to get clear. We have to apply the very basics. That is why i keep insisting, that clear the basics and the rest will fall in place. If u start to build on shakey ground then everything will collapse.

> Time is well invested if spent in firming the basics of KAS. As u go into detail of the system, you will realise that the same laws are used and understanding the essence of it will help one grasp the detail portion.

> Q4) -> Not complete or incorrect understanding. Maybe you might have missed something. As per what you have written, Planet A at 29 deg Sag and Planet B at 1 deg Cap will be considered conjunct as they will be in the same nakshatra? Is that your understanding?

> Therefore in your question that you asked initially regarding ju conjoing planet etc etc the basic itself is incorrect therefore you are having difficulty in understanding that law.

> Q10) -> Not happy with the answer and not what i was looking for at all. Refer to the archives and lessons. This is a very important point.

> What you have answered is applicable to Ju owning any house. Here I have specifically asked u about Ju as 6th lord aspecting

> Q11) -> Again conjunction, you should clarify, what if LoA and LoB are at 29 deg in the sign and Ju as 6th lord is in 1st deg of the same house? is the it same as say if both were in same nak as well and or say if they were in same sign, same nak and same nav i.e. < 3deg20 apart? Again, your basics about conjunction is not clear and therefore u are not able to get these points cleared. In any case, just read up on all this from the archives.

> Q12) -> Incorrect answer. If Ju is 6th lord then there is a possiblity that Ju can also be 12th lord too i.e. for Cancer lagna. Then for 12th house, Ju will become LoE then how it can spoil 12th house????

> The very basic answer to that is in the lessons and this has been discussed at length in the archives about 6th lord in 4th house and then what if Ju is 6th lord and in 4th house.

Dear Shalini ji,Bella ji,Nikhlesh ji and group,

I was unable to write down or participate in this wonderful discussion
owing to my few of personal reasons.

Sure i am getting back to it and till then will be taking time to
read every mail slowly with few of the tips for all of you better understanding.

Dear Shalini ji,

This is what I have previously mentioned but I am going to think more on it.

I think for illness we have to see the weak antra and in this case Ju is samdharmi to Sa and Sa is LoE for 6th Hs, Ju having only 9 pts could cause some problem. She could have faced some health issues during Ju antra which is Aug 07 - Dec/08. It could also be miscarriage if she conceived in this antra.

But as Nikhlesh ji mentioned earlier that Samdharmi planets pitch in for happy events so I would rule out Ju antra and after that comes Sa antra and Sa being LoE could be eager to give the result for the 6th Hs therefore I will pick the Sa antra for her illness which is Dec 2008 - Jul 2010.

Shalini ji, please feel free to jump into the previous msg about Sa delay and help us brain storm on picking an antra for marriage and discussion.

Thank you,

-Bella.

Dear Group,

Since it was due to my questioning that strayed us and I do apologize to the all group members for this I will like to post a question that I need help understanding about this chart.

Ash Ji had asked us to evaluate when the native of this chart could come to health problems. I had written;

Health Problems:

I believe that Saturn antra can give health concerns. If, we take the 6H as house "B".
Saturn is SD to Venus, Sun, Moon. Venus and Moon are in HA Saturn is LoC and LoE and has 15 points in SAV for 6H.
For Health problems to start I am not sure if for 6H a planet that is weak should be taken or a planet that is strong, a weak planet would not help 6H in which case Moon/Venus could give problems.

Now there is a chart that Ash ji has solved (death puzzle) where the native was sick (I am just putting my thoughts down it may not be wise to make comparisons with this chart on a hole) in this chart the native was in Me/Ve. Venus was having less points for 6H and I believe Ash Ji stated in there that (please correct me if I have this wrong) since Venus was weak for 6H (not supporting 6h) it prevented him from getting better from what was causing his ill health and Venus was strong for 8H. I am not sure when or which antra his health began to give him problems.

I would think a planet that has High points would give the start of a problem as planets with high points furnish the event, but then an antra with low points would not support 6H? I hope group members can shed light on this for me and discuss our thoughts.

With Kind Regards,

Shalini

Dear Devi singh ji and group,

These are basic questions you asked.

Why Ju is spoiled in libra?

If you can get an idea about this, you may be able to dive down more of the charts where Ju is in libra. Take kalpursha chart and find out the quality as well as timing of event in case of marriage here.

Why mooltrikon sign is important?

Here planet has less "*resistance*" from karak and root karak because these two generally control the status this sign.

Sa is natural malefic because it has minimum 39 bindus (like Mars) to share where as Ju has maximum 56 bindus and so it is treated natural benefic. Both are slow moving planets but by virtue of their different placements in kalpursha chart, generally give results according to respective nature.

This is a deep study and might take a lot of time to learn once you venture into it. Such topics are not a one liner task but requires many many hard hours.

Dear All;

Please find My attempt to answer some of questions.

My thinking may be incorrect completely as i do not know what is KAS essence apart from rules and not encountered yet for such questions in archive...hope someone must had asked such deep questions... anyway below are some thoughts.

1)why jupiter is said to be spoiled in Libra?

Sagittarius is mooltrikon rashi for jupiter and from that 6th lord is venus jupiter in Libra which is venus mooltrikon sign and being 6th lord it spoils completely jupiter.

2)why venus is taken bad in Kritika some what bad in mool jyestha as well? same as above reasoning can be applied.

Libra is mooltrikon sign of venus and from that 6th lord is jupiter. venus in kritika falls in jupiter navamsa Pisces and which is 6th lord spoiled jupiter lord of kritika is Sun and that is very hot and source of energy so that gives too much energy to venus and hence person can cross social boundaries as well.

3) Why does Ju St cause delay?

Ju and St are slow moving planets and hence event gets delay if aspect maleficly to planet or house of significance.

Devisingh

What do you think about these antras?

Dear Bella ji,

I am trying to answer your 2nd question first.

It would be easier to understand the computation of delay if you consider that if Sa is of more degrees then comparatively it will take lesser time to arrive at the door step of its previous sign. It is like a head-start available for a race to a candidate. It reaches the finishing point in lesser time theoretically.

If Sa is at zero degree in a sign then it will take full 27.5 years to arrive at the door step of the previous sign.

That is, higher the degrees of Sa (say 29 degrees) lesser would be the time it will take to go around the chart and enter the previous sign and so lesser would be the delay.

The Sa delay factor is included here in degrees.

So the theorem is clear.

For Sa delay observe the date on which it just enters the previous sign.

Now this is not sufficient.

Sa might retrograde and return back to the previous sign.

This would mean that it has yet not completed the delay. It sort of teased the native about completion of delay but went back and in this process continued to cause the delay.

Let me spare a few words about a planet being retrograde.

We all know that Sun is stationary and all planets including our Earth are moving. In astrology we assume that Sun is also moving and that yes all planets are moving around Sun.

In the subject Physics we learnt about relative motion. Often in a stationary train we feel it is moving if we see another train moving in backward direction. This is relative motion.

Retrograde is also relative motion. It is relative to Sun.

Please check out various charts you have.

Observe that when any planet (apart from Moon) is in houses 5th, 6th, 7th or 8th from Sun then generally you would find them retrograde.

This is just a rough idea. There are other conditions also. The degrees are very-very important here. Particular angular distance of a planet (apart from Rahu, Ketu, Moon) from Sun makes it either retrograde or in direct motion.

It is like you are standing on a moving Sun and when you see a moving planet just opposite to it you feel it is going in the reverse direction. Rahu Ketu are always retrograde.

So planets keep becoming retrograde in transit because of their placement with respect to Sun (relative to Sun).

This is just to give a scientific insight on the topic which I believe all must already be knowing.

Now coming back to the method of how you check for retrograde Sa (or any other planet).

First remember that in our KAS program a planet gets suffixed by capital R when it goes retrograde.

Now when you detect the date on which Sa enters the previous sign (for computing delay), observe the position of Sun in transit.

Is it likely to arrive at a position such that it is 5th, 6th, 7th or 8th from the transit house of Saturn during the next 30 months?

If yes, simply keep putting different dates in the transit chart and keep observing the Sa degrees.

Are these degrees increasing or decreasing?

If they are decreasing then observe when the alphabet R gets suffixed to Sa.

That is the date when Sa gets retrograde. Beware! it might still be in the same sign.

Keep putting more dates one by one (or week by week) further. Keep observing Sa degrees.

When it is retrograde it must be decreasing day by day. Soon you will find Sa jumping in the previous sign one fine day.

In the chart in question Sa entered Cancer sign for the 1st time on 29th Aug 2004 from Gemini. Then it turned retrograde on 8th Nov 2004 when Sa had already travelled 4 degrees in Cancer. Observe the position of Sun at that time (23Li37). It is 251 degrees away from Sa.

Then on 24th Jan 2005 it skips back in Gemini sign. Observe the relative position of Sun then. The Saturn was 6th from it.

On 22nd March 2005 Sa stops being retrograde but continues to remain in the Gemini sign. This means the delay is still continued. Sun was 9P:9 at that time.

Proceed further. Keep an eye on the degrees of Sa. Check what happened on 16th May 2005.

On 16th May 2005 it jumps forward into the Cancer sign. Observe the position of Sun at that time. It was in Taurus sign which was 11th from the Saturn new house. So Saturn can then never turn retrograde again while in Cancer sign during its remaining period there.

Now the delay is technically over on 16th May 2005.

Check for the antra on that date and proceed with your analysis.

Nikhlesh Mathur

Dear Nikhlesh ji,
Sorry, got little tied up.

Like Ash ji
has recommended to attempt again and again to strengthen the basic, can we
please put this separation questionnaire towards the end. I would love to
surely discuss little later, but if you don't mind can we please again review
our basics about Sa delay.

Here is my view:

Sa

Delay:

Sa is at

15°35'. I am going to attempt the delay of Sa for an Indian lady where legal age
is 18 years.

$27.5 - 15.35$

$= 25.5 + 15$ months 17 days.

$= 26$ yrs 9

months 17 days. (approx)

Therefore her

delay should be over on Mar 13 2006. Of course, we have to keep Desh Kaap Patra
in mind and judge the antra accordingly.

Her delay

period was over as soon as Ra antra started which is Feb 2006 but I would
predict 3rd sector because of full Sa delay which is Jan 17 2007 – Jul 10
2007. Also Sa is in 5th Hs and will not

nullify the delay.

Please

comment on this antra.

Nikhlesh ji,

I have a question.

1) Keeping Desh Kaal Patra in mind we have to make the judgement but say
for example there is a boy and a girl from urban rural area in India, same place
where the legal age is 18 and 21. They both are uneducated and both are under
same delay than with this 3 years difference how do we pick the antra for each
one.

2) Now,

I see that you have picked Mo antra. This could be a very basic question
but I am lost so I am going to ask. How do you see Sa retrogradation in previous
sign or how do you use the transit chart to find the retrogradation planet during
certain period.

Thank you,
-Bella.

Dear Group,

Proceeding further on the same chart for real practice, I wish to express the following:

The Sa delay ends in May 2005 and at that time the Moon antra was in operation which is strong enough to give the marriage event.

What if Moon antra do not give the event?

The next antra is that of Mars.

Mars aspects house B (and is weak) so it should not give the result on its own.

Moon is SD to Mars. So Moon might depute Mars for the job which it somehow could not accomplish.

Mars would be eager to work for Moon but it does not have strength to accomplish this mission. Mars has only 12 points for 7th house and so is not strong (it is a boundary-line case).

Mars also has affliction of Rahu and so it would not give the marriage event.

The Mars antra completes in Feb 2006. Next is Rahu antra.

Ra antra:

Rahu represent Ve Su. It is more like Ve.
Rahu is LoE for 12th house. It would be eager to give the results of the 12th house (this house is also considered for marriage).
Rahu represents Su also which is LoE for 12th.

Ve is aspected by Rahu and has low power for 7th house.

One of the events told is that the lady is unhappy in marriage and even asking if she could go for divorce. If this is the case then she might have got married in a planet of lower strength.

Ve is weak for 7th house and also for 12th house and Rahu represents Ve.

Most probably she got marriage in Ra AD (Feb 06 to Aug 07). When marriage is unhappy then it is usually performed in the sub period of the significator planet which has low points. Here Ve is significator for marriage but has low points for 7th house.

So marriage in the antra of Rahu is possible if the Moon antra earlier is missed.

Ju antra : If suppose marriage could not take place in Rahu antra as well then the next antra is of Ju.

Here Ju is LoE and very strong for 7th house.
But it is said and also understood from the chart that there is marriage unhappiness.

Here Ju is of 30 points for 7th house so it will give the timing but it also has mf of 1.4 which makes it extremely good for the quality of the event happened in its AD.

Marriage happiness is not seen. So Ju antra must not have given marriage.

Sa antra : Next is Sa antra. Sa had been the delay causing planet and therefore if the native is still unmarried when this antra came then it will give marriage in the 1st sector itself (Dec 08 to June 09).

But again here Sa is strong for 7th house and even after taking mf into account it indicates to give marital happiness which practically speaking is not the case with this native.

INERENCE INDICATED:

Considering that this lady had a love marriage and taking into account the unhappiness in her married life, the stronger indications are that she got married in the antra of Ra (representing Ve) which means marrying in low power planet and when the antra of Ju arrived next, some problems started cropping in the married life.

Dear Hussein ji and group,

You are absolutely right that there is Sa delay.

Sa is in nakshatra of Ve which is NK as well Fk here.This can moderate the delay but its a kind of conditional part.
Here you can see Me is 6th lord with 7 bindus and it is placed in karaksthan for 7th house.

Me is also in Sa navamsa so the things can be assessed from here
why the delay moderation could not be justified.

Dear Ash ji,Anup ji and all members

Very happy that see an active group.

I am busy these days and also tired because of work,but try to give a short analysis .

For marriage it's clear that we have just full Sa's delay.But we should notice that here Sa is in the Nakshtra of Ve which is NK and FK for marriage.It will moderate the delay of Sa.He may has got married in the age of 25/26 in Mo MD and Mo antra.The moderation of the delay is not because of the blessing.(we have a good blessing relative to Su as Ve and Sa are in Nav-Pancham but Sa is delay causing planet and the blessing is not able to give an early marriage,just nullify bad effects.

Let me say this too, there is possibility of child birth in Mo and Ma antras after marraige.

I see the possibilty of heart attack in her chart as Su is 5th lord and Ma is with Mo as 4th lord.She should be take care in Mo-Ve,it may be a bad accident(because

of heart attach etc). You can see this in the WS clearly. If you analyze the chart blindly, you can see both Mo and Ve show 7th house matters (in addition to other houses which are related to other matters). We can see 8th house is related to 7th house too in D1. We can see that 6th lord is with 5th lord (12th from 6) in 2nd house. It may show some problems in the health matters related to 2nd. Because the shortage of time I couldn't study the chart more accurately. Will do it when I am free.

Best Wishes
Hussein

I myself have said that Saturn delay commences when saturn re-enters the sign after retrograding I only wanted confirmation as it was not corrected when another member had used a different date for saturn delay to be commenced for quiz 1. I am here to learn and do not seek spoon feeding I do not believe my posts indicate so. I am asking for clarifications only when what is in the archives is not corrected when a members posts something different in present time.

Dear Hussein ji an dgroup,

One thing i forget to add/elaborate one factor in my previous mail
in connection with Sa delay and its placement in Ve nakshatra.

Ve and Mars are conjoined in lagna and Ju is in libra.

These both combination can not help any native to marry in normal age.
What does Ve and Mars togetherness reflect besides Ju in libra ?
Its very important to know the *"total effect"* first before processing antra.

Both these factors might push the enviroment for further delay
where as Me in karaksthan as 6th lord can boost this delayed enviroment.

Please go ahead with wonderful discussion.
This will really help all members to learn more and more.

Regards
Anup

Dear Ash ji, Anup ji and all members

Very happy that see an active group.

I am busy these days and also tired because of work, but try to give a short analysis .

For marriage it's clear that we have just full Sa's delay. But we should notice that here Sa is in the Nakshtra of Ve which is NK and FK for marriage. It will moderate the delay of Sa. He may have got married in the age of 25/26 in Mo MD and Mo antra. The moderation of the delay is not because of the blessing. (we have a good blessing relative to Su as Ve and Sa are in Nav-Pancham but Sa is delay causing planet and the blessing is not able to give an early marriage, just nullify bad effects.

Let me say this too, there is possibility of child birth in Mo and Ma antras after marriage.

I see the possibility of heart attack in her chart as Su is 5th lord and Ma is with Mo as 4th lord. She should be take care in Mo-Ve, it may be a bad accident (because of heart attach etc). You can see this in the WS clearly. If you snlyze the chart blindly, you can see both Mo and Ve show 7th house matters (in addition other houses which are related to other matters). We can see 8th house is related to 7th house too in D1.

We can see that 6th lord is with 5th lord (12th from 6) in 2nd house. It may show some problems in the health matters related to 2nd.

Because the shortage of time I couldn't study the chart more accurate. Will do it when I am free.

Best Wishes

Hussein

Again, your basics about conjunction is not clear and therefore u are not able to get these points cleared. In any case, just read up on all this from the archives.

I think samdharmi concept is not clear somewhere in your mail

Please note that ..

*MOON AND JU ARE NOT NATURAL SAMDHARMI
JU AND MARS ARE NOT NATURAL SAMDHARMI.*

Also we do not consider 4:10 relation in navamsa.

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering $27.5 - 1.3 = 26$. 3 year initial value

Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay

Blessing in navamsa but can not help to reduce delay

St is with Ra in rashi so more afflicted add delay

Mo aspected by Ra in rashi and St cojoin in navamsa ,As luminaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house events

Mo-Mo

Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have to be added

Mo-Ma

Ju and Ma both in cancer one in rasi and another in navamsa makes them samdharmi

Ju and Ma both are natural samdharmi

Ju and Ma 4:10 in rashi/navamsa

Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra

Ra represents Su/Ve....considering more like Ve NK FK.... and cojoin Ju in navamsa so samdharmi to Ju

so Event can be in 3rd sector of it.....seems not wise choice still to me

Mo-Ju

Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this system

Devisingh

hope that will helps me to understand and utilize system and finally to absorb root or essence of system so other all system and vedic text can be clarified with same so better results can be obtained related to timing of events.

Everybody is trying/pushing here only to help others using there own approach It is really appreciated GOD WILL HELP THEM WHO HELPED OTHERS

Please find below is thought process/approach:

I am taking acceptance that person is not mentally retired and birth details are correct no rectification required

Quality of 7th house:

- checking Ju in Libra in rashi/navamsa. ...navamsa has that...it is RK,NRK and LoE...seems not good for marriage.
- checking Ve nakshatra in rashi...bharni. ...ok
- checking Su and Ve distance in rashi...less then 43...ok
- checking Ve is with Ra,St or aspect in rashi/navamsa.Ve is with St in navamsa....spoils Ve more
- checking LoA,LoB,LoC, LoD,LoE in rashi.....Ve, St..Mo,Ju
- checking planets with Ra in rashi/navamsa. ..Sa and Ju.....St is LoC and Ju is loE for 7th house and LoA for 5th house.
- checking Ra aspects on house in rashi/navamsa. ..9,12,2. .7,9,11.. 12th is HoE,2nd is HoA,9th is karak for HoA and HoC for child..7th is HB,11th is HC
- checking Ra aspects on planets in rashi and navamsa...Me, Su.....Me 6th lord become more malefic and Su LoB for child case
- checking for planets with 6th/12th lord in rashi/navamsa. Ju is 6th lord and me is 12th lord.....me is with ve in navamsa spoils ve.
- checking for aspects on house in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking for aspects on planets in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking malefic aspects on ABCDE in rashi.....Ju with 5 points aspects to HoE,Ve with 6 points aspects to HB
- checking benefic aspects on ABCDE in rashi.....St with 2 points also LoC aspects to HB,HA and Mo aspects to HB

Blessings,compatibility,DBCE, strong house,strong planets:

- as usual to be looked will look another time

Finding significator:

- checking for 2nd lord in rashi.....Ve is 2nd lord...Ve antra will bring more pain
- looking at 2,7,11 lords...ve and st...ve is with 6 points and st is with 2 pointsleft st less points and left ve 2nd lord
- looking at 2,7,11 occupants ...me and su...me is with 7 points and su is with 4 points ...left su less points and left me 6th lord
- looking at 4,12 occupants... ju and ke(ju/ju)... so ju....ju is with 5 pointsconsidering ju ...left as in Libra and aspect malefic to HOE
- consider Reperesnter for Ra/Ke...Su,Ve/ Ju,Ju.... ..left Ra as alredy left su and ve,left ke as already left ju
- looking at 4,12 lords....Mo, ju....considerin g moon as already left ju....mo may act..... still requires more time for me to finalise

Dear Devisingh ji,

Very nice attempt. Please continue your chain of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Cheers !!!

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:

selecting Mo main Dasha which is with FK Ve for 7th house

Su and Ju seems significator from ws points for 7th house

other planets aspects 7th house i left them

Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that

Ju having highest points and also LoE

now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.

Ju does not have sight on A/B/C and is LoE can give results

Thinking for samdharmi of Ju

in navamsa Ju is with Ra ...makes Ju and Ra samdharmi

Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

Devisingh

Sorry about that.

Dear Ash ji ,Anup ji and members

Let at first thanks Ash ji and Anup ji for their good guides and kind words which encourages us for learning more and more.
Thanks Anup ji for his correction. Yes, we should consider the spoiling of Karaks. I didn't consider it in my analysis. Me as 6L is in 2nd house, Means in Karaksthan. I think we should add another point that Ve as FK is placed in 12th from 2nd, means 1st house. All these show that even with being Sa in Ve nakshtra, the delay will not be moderated.

The general status of chart is unhappy (I think it has discussed). Sa delay will be ended in 21-22 May 2005. After Mo antra we have Ma antra. Ma has 12 pts, but I think it can't give marriage as it is not SD for 6L or even is not the lowest point Planet for 7H in WS. After that we have Ra antra which more represents Ve, which is lowest point planet for 7H in WS. I think 3rd sector of Ra antra will give the results. Maybe between 7-Jun-2007 to 19-Jun-2007.

One member had asked about that why I told heart attach. When Su and Ma are related to 4th and 5th house by lordship or placement or being with their lords, It will be the possibility of heart attack. Also I think this native will have a bad accident in Mo MD and Ve AD. I explained it in my previous message.

It may be some problems for childbirth because two malefics (Ra and Ma) are there, Its FK (8th lord from 5th which is Ju) is in 4th (12th from 5th), and also 5th lord is with 6th lord.

As Ash ji has told, it is not bad if our answer is wrong, we should not fear that if we give a wrong answer, it shows us a weak student. We should give our thoughts, our ideas. Just by that means we can learn. My answer may be wrong. It is not important for me if anyone think I am strong or weak after seeing my answer. THE ONLY IMPORTANT THING IS LEARNING COMPLETELY.

Best Wishes
Hussein

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) YES
2. All Planets cojoin in sign NO
3. Planet is samdharmi to Lord of nakshtra sign YES
4. All Planets in same nakshatra YES
5. All Planets cojoin in navamsa YES
6. Planets in same sign (1 in rashi and 1 in navamsa) NO
7. Planet is samdharmi to Lord navamsa sign YES
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) NO
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa YES

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma YES

Ma samdharmi to Mo...Ma can replace Mo --> NO

Regards,
Devisingh

Dear Devi singh ji,

I think samdharmi concept is not clear somewhere in your mail

Please note that ..

MOON AND JU ARE NOT NATURAL SAMDHARMI
JU AND MARS ARE NOT NATURAL SAMDHARMI.

Also we do not consider 4:10 relation in navamsa.

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering $27.5 - 1.3 = 26.3$ year initial value
Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay
Blessing in navamsa but can not help to reduce delay
St is with Ra in rashi so more afflicted add delay
Mo aspected by Ra in rashi and St cojoin in navamsa ,As lumanaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house events

Mo-Mo
Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have to be added

Mo-Ma
Ju and Ma both in cancer one in rasi and another in navamsa makes them samdharmi
Ju and Ma both are natural samdharmi
Ju and Ma 4:10 in rashi/navamsa
Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra
Ra represnts Su/Ve....considerin g more like Ve NK FK.... and cojoin Ju in navamsa so samdahmi to Ju
so Event can be in 3rd sector of it.....seems not wise choice still to me

Mo-Ju
Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this system

Please find below is thought process/approach:

I am taking acceptance that person is not mentally retired and birth details are correct no rectification required

Quality of 7th house:

- checking Ju in Libra in rashi/navamsa. ...navamsa has that...it is RK,NRK and LoE..seems not good for marriage.
- checking Ve nakshatra in rashi...bharni. ...ok
- checking Su and Ve distance in rashi...less then 43...ok
- checking Ve is with Ra,St or aspect in rashi/navamsa.Ve is with St in navamsa....spoils Ve more

- checking LoA,LoB,LoC, LoD,LoE in rashi.....Ve, St..Mo,Ju
- checking planets with Ra in rashi/navamsa. ...Sa and Ju.....St is LoC and Ju is loE for 7th house and LoA for 5th house.
- checking Ra aspects on house in rashi/navamsa. ..9,12,2. .7,9,11.. 12th is HoE,2nd is HoA,9th is karak for HoA and HoC for child..7th is HB,11th is HC
- checking Ra aspects on planets in rashi and navamsa...Me, Su.....Me 6th lord become more malefic and Su LoB for child case
- checking for planets with 6th/12th lord in rashi/navamsa. Ju is 6th lord and me is 12th lord.....me is with ve in navamsa spoils ve.
- checking for aspects on house in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking for aspects on planets in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- cheking malefic aspects on ABCDE in rashi.....Ju with 5 points aspects to HoE,Ve with 6 points aspects to HB
- cheking benific aspects on ABCDE in rashi.....St with 2 points also LoC aspects to HB,HA and Mo aspects to HB

Blessings,compatibi lity,DBCE, strong house,strong planets:

- as usual to be looked will look another time

Finding significator:

- checking for 2nd lord in rashi.....Ve is 2nd lord...Ve antra will bring more pain
- looking at 2,7,11 lords...ve and st....ve is with 6 points and st is with 2 pointsleft st less points and left ve 2nd lord
- looking at 2,7,11 occupants ...me and su...me is with 7 points and su is with 4 points ...left su less points and left me 6th lord
- looking at 4,12 occupants... ju and ke(ju/ju)... so ju....ju is with 5 pointsconsidering ju ...left as in Libra and aspect malefic to HOE
- consider Reperesnter for Ra/Ke...Su,Ve/ Ju,Ju.... ..left Ra as alresdy left su and ve,left ke as already left ju
- looking at 4,12 lords....Mo, ju....considerin g moon as already left ju.....mo may act..... still requires more time for me to finalise

Dear Devisingh ji,

Very nice attempt. Please continue your chain of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
 selecting Mo main Dasha which is with FK Ve for 7th house
 Su and Ju seems significator from ws points for 7th house
 other planets aspects 7th house i left them
 Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
 Ju having highest points and also LoE
 now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.
 Ju does not have sight on A/B/C and is LoE can give results

Thinking for samdharmi of Ju
 in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
 Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

Dear Prabha ji,

Here Mars is in Mo navamsa so Mars is samdharmi to Mo.

So Mars can replace Mo where Mo is unable to perform during it's antra.
Mo and Mars are natural SD so by virtue of this Mo can also replace Mars.

Here Mo mahadasa is running.
First part is related to functional samdharmi concept whereas second one
belongs to natural samdharmi .

Both are different but as you know functional SD is more powerful
than natural SD.

Dear Anup ji

"Here Moon is not SD to Mars but Mars is SD to Moon. So Mars should act in Moon antra replacing Moon."

You mentioned that Ma is SD to Mo. That means if Mo if in any case is unable to give results during its antra, then Ma antra will give result as was required to be given by Mo.

Now the second part of your mail that Ma in Mo antra will act is not very clear. Could you please explain this part?

Thanks
Prabha

That's why with due course of time we learn and we never forget this process. Next time when some other chart will be given, you start looking with different aspect.

As we all know our KAS rules are fixed so is WS for timing event.
We can make mistakes while understanding but this is always there,

Dear Ash Ji, Anup Ji, Hussein ji, Bella Ji, Nikhlesh Ji, and List Members,

I think we can then say that Jupiter has given marriage. My next question is, was this a love marriage? Can Jupiter give her a love marriage?? My Thoughts for (5h); Jupiter is LoA, is SD to Saturn who is LoE in HB, SD to Venus who is LoD. Jupiter gives low points in SAV for 5h, but is high for 4h which becomes LoD for 7H (Ash Ji your questions on Guru to me is guiding me here let me know if I am on the right track) Thus becoming eager to give marriage, but I believe not love marriage. Moreover, Mercury is 6L and if 6L connects with 2H or 10H it denies love marriage Mercury is in 2h LoD for 5h and SD to Saturn LoE for 5h, however I think since Jupiter is in HE for 11H conception, she could have conceived in this antra and could have had problems with the pregnancy that could have led to health problems that could have started in Jupiter only due to conception but escalate in Saturn antra. Jupiter has low points for 6H, but Saturn has high points for 6H. So then, it is also possible that her problems get better in Saturn antra as Saturn has high points and is LoE. Look forward to everyone's thoughts.

Thank You Ash Ji for your questions on Guru I am still thinking on them and hope to cover them more in depth with you and group soon.

With Kind Regards,

Shalini

 >

 > I thinking of Ju antra as Ju is very very strong for timing. So it could give the result but because overall quality is nil and Ju being in Li, both karaks spoilt, NK and FK in 12th from its own. 6th Lo in karaksthan. Ve with Sa in navamsa and with Ma in Rasi and Sa with Mo in navamsa and aspects Su in Rasi...all these are indirect pointers to separation when the overall quality of the chart from Lagna, Su Mo and Ve is zero. Now if the 2nd Hs is spoilt or 2nd Lo is spoilt it leads to multiple marriages/relations hips.
 >
 > Therefore, if Ju gives marriage, then after that comes Sa antra. Sa is LoD for the 2nd Hs with highest points in the WS could give a break. Now that being said, as mentioned earlier these are few pointers of separation that I was seeing (I still have to hash it out with Nikhlesh ji on this topic of separation)

 > Of course, like Nikhlesh ji said, for divorce male and female, both the charts have to be viewed but here we only have her data, we are not saying anything concrete but can say that there is a possibility. Now if we have the other person's chart to compare and overall chart quality is excellent and meets all the compatibility aspects like Ma, Ve and so forth. has blessings than all this factors will change and will prevent the break.

Dear Anup ji,

It is really wondering for me.....something i guess incorrect in drafting/representa tion by me...let me try one more time in better way.....

Please clarify CAPS...this is new to me?

"2.All Planets cojoin in sign NO"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO"

This is case where Ju with 5 point in Tarus and placed in 4th house.....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I Think this is my mistake we should not consider Ra as it does not have rulership of any sign

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... Mo can replace Ma.

However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

 Regards,
 Devisingh

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) YES
2. All Planets cojoin in sign NO
3. Planet is samdharmi to Lord of nakshtra sign YES
4. All Planets in same nakshatra YES
5. All Planets cojoin in navamsa YES
6. Planets in same sign (1 in rashi and 1 in navamsa) NO
7. Planet is samdharmi to Lord navamsa sign YES
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa YES

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma **YES**

Ma samdharmi to Mo...Ma can replace Mo --> **NO**

Devisingh

Anup. M wrote:

Dear Devi singh ji,

JU AND MARS ARE NOT NATURAL SAMDHARMI.

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering $27.5 - 1.3 = 26.3$ year initial value
Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay
Blessing in navamsa but can not help to reduce delay
St is with Ra in rashi so more afflicted add delay
Mo aspected by Ra in rashi and St cojoin in navamsa ,As luminaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house events

Mo-Mo
Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have to be added

Mo-Ma
Ju and Ma both in cancer one in rasi and another in navamsa makes them samdharmi
Ju and Ma both are natural samdharmi
Ju and Ma 4:10 in rashi/navamsa
Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra
Ra represents Su/Ve....considering more like Ve NK FK.... and cojoin Ju in navamsa so samdharmi to Ju
so Event can be in 3rd sector of it.....seems not wise choice still to me

Mo-Ju
Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this system

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
 selecting Mo main Dasha which is with FK Ve for 7th house
 Su and Ju seems significator from ws points for 7th house
 other planets aspects 7th house i left them
 Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
 Ju having highest points and also LoE
 now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.
 Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
 in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
 Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

Dear Devi singh ji and group,

Lessons are very much crystal clear no doubt but we are mistaken sometimes as a beginner. Obviously we can not learn the basics so easily in a day or two rather it takes time to grasp the correct meaning of these lessons.

My suggestion is, for better understanding keep reading all the lessons after regular interval of few weeks, solve charts as many as you can, you might be finding different and definite meaning of every lesson what guruji wants to teach us in actual.

This is what i am doing till now exploring KAS.

Do not hesitate to ask if you are stuck somewhere else this can pull you back leaving you with incomplete knowledge.

Meanwhile i will request the group to focus on the chart given by Ash ji, only after finishing the first part for the three questions, samdharmi portion can be discussed in detail, if required, after this practice chart.

Anup

Dear Anup Ji,
Namaskar

First i would like to thank you again.....very good judge....great help by point out incorrectness on emails..... I have looked more and thought that something is deep still there for karyesh.....

However i will say that there are enough reasons for someone to grasp incorrectly.until he came to group/gurus(which i feel group is doing best) Lessons are good start but requires more rectification.i think what is represented that is having something different meaning then what it conveyed to reader..... understanding behind that message is requires more elaboration. unfortunately i have came after reading all FAQ, All Lessons and 2000 achieves and solving 5-6 charts for marriage (obviously based on incorrect foundation).i guess that is not sufficient to hash out all questions.

Good reference of emails is always there I suggest if moderators can include them in FAQ or else where..... for more reading to get firm with concept

Devisingh

Dear Anup ji,

It is really wondering for me.....something i guess incorrect in drafting/representation by me...let me try one more time in better way.....

Please clarify CAPS...this is new to me?

"2.All Planets cojoin in sign NO"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO"

This is case where Ju with 5 point in Tarus and placed in 4th house....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I Think this is my mistake we should not consider Ra as it does not have rulership of any sign

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... Mo can replace Ma. However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

Devisingh

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) YES
2. All Planets cojoin in sign NO
3. Planet is samdharmi to Lord of nakshtra sign YES
4. All Planets in same nakshatra YES
5. All Planets cojoin in navamsa YES
6. Planets in same sign (1 in rashi and 1 in navamsa) NO
7. Planet is samdharmi to Lord navamsa sign YES
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO
10. .
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa YES

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma YES

Ma samdharmi to Mo...Ma can replace Mo --> NO

Devisingh

Anup. M wrote:

Dear Devi singh ji,

I think samdharmi concept is not clear somewhere in your mail

Please note that ..

*MOON AND JU ARE NOT NATURAL SAMDHARMI
JU AND MARS ARE NOT NATURAL SAMDHARMI.*

Also we do not consider 4:10 relation in navamsa.

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering $27.5 - 1.3 = 26.3$ year initial value

Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay

Blessing in navamsa but can not help to reduce delay

St is with Ra in rashi so more afflicted add delay

Mo aspected by Ra in rashi and St cojoin in navamsa ,As luminaries are aspected so that will add delay

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
selecting Mo main Dasha which is with FK Ve for 7th house
Su and Ju seems significator from ws points for 7th house
other planets aspects 7th house i left them
Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
Ju having highest points and also LoE
now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.
Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

Dear Devi singh ji and group,

Good to see your spirit while ibeing in KAS.

5/20/2020

Basic part is mandatory else even if you penetrate to correct antra in this chart,that will be deemed way off otherwise.

Never give up and go ahead,my wish for all.

Lessons are very much crystal clear no doubt but we are mistaken sometimes as a beginner.Obviously we can not learn the basics so easily in a day or two rather it takes time to grasp the correct meaning of these lessons.

My suggestion is,for better understanding keep reading all the lessons after regular interval of few weeks,solve charts as many as you can, you might be finding different and definite meaning of every lesson what gurujji wants to teach us in actual.

This is what i am doing till now exploring KAS.

Do not hesitate to ask if you are stuck somewhere else this can pull you back leaving you with incomplete knowledge.

Meanwhile i will request the group to focus on the chart given by Ash ji, only after finishing the first part for the three questions,samdharimi portion can be discussed in detail,if required,after this practise chart.

Dear Anup Ji,
 Namskar

First i would like to thank you again.....very good judge....great help by point out incorrectness on emails..... I have looked more and thought that something is deep still there for karyesh.....

However i will say that there are enough reasons for someone to grasp incorrectly.until he came to group/gurus(which i feel group is doing best)
 Lessons are good start but requires more rectification.i think what is represented that is having something different meaning then what it conveyed to reader..... understanding behind that message is requires more elaboration.
 unfortunately i have came after reading all FAQ,All Lessons and 2000 achieves and solving 5-6 charts for marriage (obviously based on incorrect foundation).i guess that is not sufficient to hash out all questions.

Good reference of emails is always there I suggest if moderators can include them in FAQ or else where..... for more reading to get firm with concept

Dear Anup ji,

It is really wondering for me.....something i guess incorrect in drafting/representa tion by me...let me try one more time in better way.....

Please clarify CAPS...this is new to me?

"2.All Planets cojoin in sign NO"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO"

This is case where Ju with 5 point in Tarus and placed in 4th house.....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I Think this is my mistake we should not consider Ra as it does not have rulership of any sign

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... ..Mo can replace Ma.

However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

Devisingh

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... .putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) **YES**
2. All Planets cojoin in sign **NO**
3. Planet is samdharmi to Lord of nakshtra sign **YES**
4. All Planets in same nakshatra **YES**
5. All Planets cojoin in navamsa **YES**
6. Planets in same sign (1 in rashi and 1 in navamsa) **NO**
7. Planet is samdharmi to Lord navamsa sign **YES**
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra **NO**
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa **YES**

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma **YES**

Ma samdharmi to Mo...Ma can replace Mo --> **NO**

Devisingh

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering
 27.5-1.3=26.3 year initial value
 Ju aspects Hb in navamsa but is in libra with rahu in
 navamsa and in nakshtra of St so it can not check to saturn
 so full delay no help from Ju to reduce delay as status of Ju
 is not good

no zero in SAV so no addition in delay
 Blessing in navamsa but can not help to reduce delay
 St is with Ra in rashi so more afflicted add delay
 Mo aspected by Ra in rashi and St cojoin in navamsa ,As
 luminaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house
 events

Mo-Mo
 Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have
 to be added

Mo-Ma
 Ju and Ma both in cancer one in rasi and another in
 navamsa makes them samdharmi
 Ju and Ma both are natural samdharmi
 Ju and Ma 4:10 in rashi/navamsa
 Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra
 Ra represents Su/Ve....considering more like Ve NK FK....
 and cojoin Ju in navamsa so samdharmi to Ju

so Event can be in 3rd sector of it.....seems not wise
 choice still to me

Mo-Ju
 Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this
 system

Please find below is thought

process/approach:

I am taking acceptance that person is not mentally retired and birth details are correct no rectification required

Quality of 7th house:

- checking Ju in Libra in rashi/navamsa. ...navamsa has that...it is RK,NRK and LoE...seems not good for marriage.
- checking Ve nakshatra in rashi...bharni. ..ok
- checking Su and Ve distance in rashi...less then 43...ok
- checking Ve is with Ra,St or aspect in rashi/navamsa.Ve is with St in navamsa.....spoils Ve more
- checking LoA,LoB,LoC, LoD,LoE in rashi.....Ve, St..Mo,Ju
- checking planets with Ra in rashi/navamsa. ..Sa and Ju.....St is LoC and Ju is loE for 7th house and LoA for 5th house.
- checking Ra aspects on house in rashi/navamsa. ..9,12,2. .7,9,11.. 12th is HoE,2nd is HoA,9th is karak for HoA and HoC for child..7th is HB,11th is HC
- checking Ra aspects on planets in rashi and navamsa...Me, Su.....Me 6th lord become more malefic and Su LoB for child case
- checking for planets with 6th/12th lord in rashi/navamsa. Ju is 6th lord and me is 12th lord.....me is with ve in navamsa spoils ve.
- checking for aspects on house in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking for aspects on planets in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- cheking malefic aspects on ABCDE in rashi.....Ju with 5 points aspects to HoE,Ve with 6 points aspects to HB
- cheking benefic aspects on ABCDE in rashi.....St with 2 points also LoC aspects to HB,HA and Mo aspects to HB

Blessings,compatibi lity,DBCE, strong house,strong planets:

- as usual to be looked will look another time

Finding significator:

- checking for 2nd lord in rashi.....Ve is 2nd lord...Ve antra will bring more pain
- looking at 2,7,11 lords...ve and st....ve is with 6 points and st is with 2 pointsleft st less points and left ve 2nd lord
- looking at 2,7,11 occupants ...me and su...me is with 7 points and su is with 4 pointsleft su less points and left me 6th lord
- looking at 4,12 occupants... ju and ke(ju/ju)... so ju....ju is with 5 pointsconsidering ju ...left as in Libra and aspect malefic to HOE

- consider Reperesnter for Ra/Ke...Su,Ve/
Ju,Ju....left Ra as alredsy left su and
ve,left ke as already left ju
- looking at 4,12 lords....Mo,
ju....considerin g moon as already left
ju....mo may act..... still requires more
time for me to finalise

Dear Devisingh ji,

Very nice attempt. Please continue your chain of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Cheers !!!

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
selecting Mo main Dasha which is with FK Ve for 7th house
Su and Ju seems significator from ws points for 7th house
other planets aspects 7th house i left them
Su is with Me which is 6th load makes Su samdharmi to 6th lord i left
that
Ju having highest points and also LoE
now considering Ju only as strong significator which in RK and NRK
and natural samdharmi to Mo which is LoD.
Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
Ra can be thought to facilitate results for 7th house mattersstill this
takes time for me to finalize

Dear Nirvana ji and group,

Why you say any event with less than 12 points will be malefic?
Why can't we rationalise it with "less" benefic rather?

We should not think always on *extreme level* being most malefic
or most benefic while working on planets with high or low points in KAS.

Guruji taught me this thing while working on a important chart.

A bindu still remain a bindu at the level 1 and a bindu can not be malefic.

All,

When timing an event, LoD and LoE are always eager to give the results. And, if the event occurs during a period of planet with less than 12 points, the result is considered as malefic, and it is assumed that the event will reverse in the period of planet with more than 12 points. For example, if marriage occurs in the period of a planet with less than 12 points, it may be end up in either divorce or separation when a period of planet with more than 12 points start.

Now, in the WS, LoD and LoE do not get less than 12 points (I think that was the latest update in the spreadsheet v3.3). Based on this, is it safe to assume that the results in the period of LoD or LoE will always be happy / beneficial events?

Thanks, Nir.

When Ju is LoE and is in house D with 5 bindus,how it can cause delay?

Ju itself is eager to give marriage,so it can not be a reason for delay.

Dear Ash Ji and Group,

Considering Lesson 36 these are my thoughts please correct me where I am straying off track. As per scenario 5 it states, "if guru is LoA or LoB it must be

malefic for the houses it owns; less than 4 bindus."

This scenario takes place in her D-9 chart with 4:13 am time. If we consider Guru's bindus for Pisces in SAV we find that Guru gives 2

(for SAV totals in D-1,D-9 Charts do we consider D-9 chart SAV??)

bindus, thus it would be malefic and there would be Guru delay I believe. Guru delay is considered over when it aspects 7H, 7L or crosses it's natal position and can be calculated only after Saturn delay is over. When Saturn delay is over Guru is in Virgo does not aspect 7h or 7L, then moves to HB does aspect 7L in lagna but I think because it is in HB in Libra the delay is not over, in scorio also it does not aspect 7H, 7L. Then in Sagittarius it aspects 7L Venus then this should end Guru delay.

Look forward to feedback.

With Kind Regards,

Shalini

This chart comprises so many questions that should have been asked though every members tried his/her level best to ask and their efforts really worth appreciation. This is not a chart but simply a revision/exercise of all 36 lessons.

After a long time we were enjoying through this learning process on a single chart during all this one month where members did not hesitate to ask their doubts as well as they kept trying on this till their inner satisfaction.

do so. Result of this can be declared now (friday will be best option)
because some members are busy or away after giving their thoughts
time after time.

Dear Anup ji and All participating members in the learning exercise:

We had waited for Hussein ji to get back and he came back and made his attempts. Now, Shalini ji is going to get busy or might be away with limited access for email and has taken good efforts during the quiz.

Please give your opinions, if there is any further scope or attempts or revisions for any answers?

If you all think that this thread has now come to its natural end, then we can give the answer so everyone can go back and study their own attempts and then DISCUSS the answers.

If you all feel that you all want a bit more time to re-visit then please advise?

Anup ji, what is your opinion? Is it now time to give the answer?

Please advise me.

Cheers !!!

When I joined the group at the end of January I was taking classes, which finished in August. I will admit I spent whatever time I could with my nose pressed to my screen pouring through the archives as best I could. It is not until recently that I came out to participate in the quiz's that have been posted in the last month. You encourage discussion and I believe this is monumental in the process of learning, but is only part of the learning process. As you have mentioned the archives are there and that is the foundation for any of us and actually is very enlightening. You have indeed, from what I have been able to touch upon, asked so many of the questions I have had in the archives and I am learning from everyone's input in past and present.
> The quiz that you posted earlier and the practice chart that we have been discussing on last few weeks the churning between us with everything that has been posted is something learned. For me everybody is a senior member and I can only learn from all and give my attempts/perspective/interpretation s. I am a student and have much, much to learn. I hope by my questioning I am not conveying that I only want free answer's that is not my intention or the reason I am in this group. Moreover, I do not feel if a true student just asking for answer can have the capacity to really learn any material.
> I do use the search and read the posts in order they are posted, and I thank goodness for this ability. I am doing my best to take in and understand the basics. I may ask a question that may possibly have been asked in the archives, but there may be reasons that one cannot go through the archives as one wishes due to xyz problems. Therefore, discussions are very important I believe.
> You asked me to write up my thoughts and I did so. It is not that I am only interested in Guru delay any delay is an important factor to understand as this groups focus is on timing. As your questions to me on Guru showed that I have much to learn in this arena and am working on the learning/understanding and will post those answers again in some time and hope to give you the answer that you will not find fault in.
> From next week I will be out for some time and will have very limited access to the internet, I will not be able to continue my studies of the archives, but if there is a discussion going on in the group I should hope to be a part of it.

>>
>> All your questions that you have asked have been replied by me at some point or the other. I agree, that it might not be easy to find all my mails as the archives is growing, but then with the new search feature it might make it a tad more simplified.
>>
>> More than anything, else, I would like u to practice. I might be available to reply to all your queries, as life is getting me very busy now a days, then in that case what to do?

>>
 >> Here I will give you some guidance that I have personally gone through. I used to ask all kinds of questions to Guru ji, and you can see that in the archives, and I am sure everyone has seen that. That is normal. That time, the archives had only so much information and Guru ji patiently answered and still does answer all my questions. There came one time, when, I look back now, I asked him some question and he advised me to practice. There was some concept that somehow was a hurdle and I kept getting stuck there, and I see that in your questions that you keep getting stuck on trying to judge the delay of Jupiter or when u get stuck in trying to find if a particular antra can give result or you are not following the steps correctly or maybe overlooking something and then u get stuck up and then want an answer.

>>
 >> Again, I understand that, I understand where you are coming from, as I have personally walked down that same path. Likewise, if you see Anup ji, or Prabha ji or just for that matter Nikhlesh ji, Ramesh ji etc etc, these names I am taking as I am seeing their progress from a long time by their inputs on the list oh and Hussein ji as well. All of them are taking charts and practicing.

>>
 >> So here are some steps that you can follow as a guide.

>>
 >> 1) Take charts, don't assume any chart as accurate, but find charts with event dates given.
 >> 2) Do not look at the events. You can get a host of charts from the archives with given events.
 >> 3) Cast the chart, take a print out of the same.
 >> 4) Clear your mind of all worries, stress, or anything else.
 >> 5) With a cool mind just focus on the chart. Just see the chart and note down key points some observations.
 >> 6) Like of example observations DBCE points, what do u see the nature of the person is, what is the lagna points, does the native has blessings, any zeroes, any 4:10 or any 4:10 with opposition or some other salient points that u can see like Ve in krittika, Ju in libra etc etc..
 >> 7) Then focus on the question and then note down key points for that area of study. Say u are studying marriage then check the laws for marriage, first check if marriage is promised, then get a judge on quality, the lagna and 7th etc etc relations, study karak and rk, study 0's, study from desh, kaal, paatra, study delay etc etc etc.
 >> 8) Then start to narrow down to timing. For that first come to antra. Try to judge if that antra can give marriage, or if there are any overriding principles for moderating or removing delays like blessings of ju aspect on sa etc etc.
 >> 9) Then note down your doubts, if u are not certain of the antra.
 >> 10) Move to the next antra if u are not sure and note down YOUR REASONS. This is for you only. So that u can keep a trail of your questions and where u are getting stuck.
 >> 11) Then solve other events like job, child birth etc etc as per the chart u have taken.
 >> 12) Check the answer and then check your analysis and then u will get where if u are correct or where have u made mistake.
 >> 13) Note down your mistake along with your analysis and where u got stuck.
 >> 14) Remember this and solve next chart.

>>
 >> If u solve 1000's of charts in due course of time, and each time remember where u have made mistakes, then with experience will come intuition.

>>
 >> You will also get the variations in some cases where Ju is causing delay where Sa is causing or delay is more than 36 years or 42 years in special cases so like that.

>>
 >> There is a huge repository of charts with events solved in the archives, make use of it.

>>
 >> Then when someone asks questions like will ju cause delay and such and such is the scenario, then u will know the answer from your strong knowledge base and your intuition will guide u.

Guru delay is considered over when it aspects 7H, 7L or crosses its natal position and can be calculated only after Saturn delay is over. When Saturn delay is over Guru is in Virgo does not aspect 7h or 7L, then moves to HB does aspect 7L in lagna but I think because it is in HB in Libra the delay is not over, in scorpio also it does not aspect 7H, 7L. Then in Sagittarius it aspects 7L Venus then this should end Guru delay.

Ash had given a prediction for a dear friend's job prospectus.
His exact wording "There will be a strong chance between 24th oct and 5th nov +/- 13 days each side."
My friend got the job offer on 28th Oct and he joined on 15th Nov.

Ash as a worthy 'sishaya' gives all credit to Guru Ji and the knowledge of KAS given by him.

So all those who are sincere can take heart from Ash's hard work and know that this system works wonderfully well.

Dear Vishwa ji,

Go through the lessons slowly.

Cast your chart (though this is not advisable)

Find taurus lagna as per KAS after verifying your past events.

Check all the related houses for job and promotion.

You will get an idea for sure.

If not, there are many local astrologers in jalandhar.

You can contact them for comprehensive prediction.

Best of luck

Dear Anup ji,

Please provide your clarification for below my understanding related to samdharmi?

What is CAPS?..... is it another name same as KAS??

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

My understanding about this rule is.....planets are samdharmi if are in same sign viz.....1 in rashi and 1 in navamsa

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi to each other 2 way

THE SAMDHARMI RULES ARE SIMPLE IN ABOVE CASE JU AND MARS CAN NOT BE SAMDHARMI TO EACH OTHER AS YOU WROTE. JU IS IN LEO IN RASI (EVEN IF JU IS BETWEEN 26.40Deg -30 Deg IN LEO WHERE JU WILL BE IN NAKSHTRA OF SUN) AND MARS IN LEO IN NAVAMSA. IN RASI, A PLANET CAN BE SAMDHARMI TO NAKSHATRA LORD ONLY AND NOT TO RASI LORD. SO JU IN LEO CAN BE SAMDHARMI EITHER TO KETU, OR VE OR SUN WHERE AS IN NAVAMSA MARS IS SAMDHARMI TO SUN BEING IN SUN NAVAMSA. DO NOT TAKE SUN AS **COMMON FACTOR** FOR BEING SAMDHARMI TO EACH OTHER.

DO READ AGAIN, A PLANET CAN NOT BE SAMDHARMI TO SIGN LORD.

SOME OTHER PLACEMENTS CAN MAKE THEM FUNCTIONAL SAMDHARMI, NO DOUBT.

"8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more than 4 points are expected) NO"

My understanding is Planet placed in House E/D with more than 5 bindu can come forward (can be samdharmi) to give result for its dipositor when gets chance.

This is case where Ju with 5 point in Tarus and placed in 4th house....LoD for 7th house is Ve..... and Ju in Ve sign with 5 binduJu can come forward to give result due to its placement so samdharmi to Ve

JU AND VE CAN NOT BE SAMDHARMI BUT THEY BOTH WILL BE EAGER TO GIVE RESULT (AS IN THIS EXAMPLE) FOR 7TH AS WELL AS 11TH HOUSES. ANY PLANET PLACED IN A SIGN WITH MORE THAN 4 BINDUS WILL BE EAGER TO GIVE RESULT LIKE SIGN LORD, SO THEY BOTH WORKING FOR A COMMON CAUSE BUT CAN NOT BE SAMDHARMI TO EACH OTHER.

HERE JU CAN BE SAMDHARMI TO VENUS ONLY ...

- 1] JU IS IN 4TH PLACE FROM VE WITH MORE BINDUS IN RASI
- 2] IF JU IS PLACED TOGETHER WITH VE IN ANY NAVAMSA SIGN.
- 3] OR IF JU IS IN VENUS NAVAMSA

Natural Samdharmi questions

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

My understanding is as below

Ma and Mo making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Mo can not be boss so Ma will be bossMo antra can be replaced by Ma...or Mo can come forward in its antra to give results for Ma.....(Natural samdharmi)

So it should be written as "Mo samdharmi to Ma..... Mo can be replaced by Ma"

"Su samdharmi to Ma...Su can replace Ma YES"

My understanding is as below

Su and Ma making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Su will be bossMa antra can be replaced by Su...or Ma can come forward in its antra to give results for Su.....(Natural samdharmi)

So it should be written as "Ma samdharmi to Su..... Ma can be replaced by Su"

MOON IS NATURAL SAMDHARMI TO MARS BUT FOR MOON, MARS CAN NOT BE NATURAL SAMDHARMI. SUN IS NATURAL SAMDHARMI FOR MARS. THIS RELATIONSHIP IS PURELY UNDER IDEAL CONDITIONS ONLY LIKE ON THE BASIS OF FIRST COME FIRST SERVE.

P.S. Bhukti Sequence indicated at summary page of worksheet that created confusion above mentioned.

My answers are in purple. Seniors please correct my errors as this is the very basic portion of KAS that we are strengthening.

Please clarify CAPS...this is new to me?

-----CAPS MEANS??WHAT ANUP JI WRITTEN IN BELOW CHAIN

"2.All Planets cojoin in sign NO"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

NO. Not in Rasi BUT YES in navamsa. If Ju and Ma are in Leo in Rasi they cannot be SD but if they are in same navamsa then they are SD.

In Rasi Ju and Ma have to be in the same sign AND also in the same nakshatra.

-----UNDERSTOOD

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

No. But according to lesson 25 they could be SD if they both have more points.

-----NO AND BUTWHAT I UNDERSTAND IS NO IF LESS OR EQUAL 4 BINDU AS PER RASHI ...YES IF MORE THEN 4 BINDU FOR BOTH...IS IT THIS YOU WANT TO CONVEY?

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO"

This is case where Ju with 5 point in Tarus and placed in 4th house....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

NO. Planet is not SD to sign Lo itself in Rasi.

-----SORRY TO SAY BUT THIS IS DOUBT FULLPLEASE REFER NOTES OF SUMMARY PAGE OF EXCEL SHEET AND ASH JI OLDER MESSAGE 2287

Here in your example if you are talking about 4:10 relationship than if Ju has 5 bindus in 4th place and if Ma is in 10th place with 3 bindus than Ju can be SD to Ma provided it has more bindus.

---NOT LIKE THAT NOT CONSIDERING 4:10

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I Think this is my mistake we should not consider Ra as it does not have rulership of any sign

NO. Ju is not SD to Su.

In this case if Ju is with Ra in rasi they are not SD. If they are in Leo that means Ra represents Su. Also we have to see nakshatra Lo that Ra is in. Say Ra is in nakshatra of Ve and from two of them whichever has more bindus Ra will represent like them. If Ve has 5 bindus and Su has 3 bindus than Ra will be more like Ve and less like Su also have to check the points in WS.

Now if Ra is with Ju in Sa navamsa than Ra is SD to Ju and SD to Sa.

To summarize this ex. Ra REPRESENTS Ve and is SD to Ju and Sa.

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... Mo can replace Ma.

However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

--WHAT IS PRESPECTIVE TO FIND NATURAL SAMDHARMIIS IT BHUKTI SEQUENCE?...OR 4:10 IN KAAL PURUSH.....

----IF CASE LOOKING 4:10MA/MO AND MA/SU MAKES 4:10 ...AND MO/SU ARE NOT CONSIDERED TO BE BOSS SO MA BECOME BOSSAND SU/MO GIVES RESULTS OF MA IN THERE ANTRA IS IT CORRECT UNDERSTANDING? ?

Yes. If Ma is in navamsa of Mo than Ma is SD to Mo and Ma can fill in for Mo.

Also, please refer to Ash ji's msg # 20953 link. Nice update and more clarifications.

Thank you,

-Bella.

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves... putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) **YES**
2. All Planets cojoin in sign **NO**
3. Planet is samdharmi to Lord of nakshatra sign **YES**
4. All Planets in same nakshatra **YES**
5. All Planets cojoin in navamsa **YES**
6. Planets in same sign (1 in rashi and 1 in navamsa) **NO**
7. Planet is samdharmi to Lord navamsa sign **YES**
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra **NO**
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa **YES**

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma **YES**

Ma samdharmi to Mo...Ma can replace Mo --> **NO**

Please note that ..

MOON AND JU ARE NOT NATURAL SAMDHARMI
JU AND MARS ARE NOT NATURAL SAMDHARMI.

Also we do not consider 4:10 relation in navamsa.

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering 27.5-1.3=26. 3 year

initial value

Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay

Blessing in navamsa but can not help to reduce delay

St is with Ra in rashi so more afflicted add delay

Mo aspected by Ra in rashi and St cojoin in navamsa, As luminaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house events

Mo-Mo

Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have to be added

Mo-Ma

Ju and Ma both in cancer one in rashi and another in navamsa makes them samdharmi

Ju and Ma both are natural samdharmi

Ju and Ma 4:10 in rashi/navamsa

Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra

Ra represents Su/Ve....considering more like Ve NK FK.... and cojoin Ju in navamsa so samdharmi to Ju

so Event can be in 3rd sector of it.....seems not wise choice still to me

Mo-Ju

Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this system

I am taking acceptance that person is not mentally retired and birth details are correct no rectification required

Quality of 7th house:

- checking Ju in Libra in rashi/navamsa. ...navamsa has that...it is RK, NRK and LoE...seems not good for marriage.
- checking Ve nakshatra in rashi...bharni. ..ok
- checking Su and Ve distance in rashi...less then 43...ok
- checking Ve is with Ra, St or aspect in rashi/navamsa.Ve is with St in navamsa....spoils Ve more
- checking LoA, LoB, LoC, LoD, LoE in rashi.....Ve, St..Mo, Ju
- checking planets with Ra in rashi/navamsa. ..Sa and Ju.....St is LoC and Ju is LoE for 7th house and LoA for 5th house.
- checking Ra aspects on house in rashi/navamsa. ..9,12,2. 7,9,11.. 12th is HoE, 2nd is HoA, 9th is karak for HoA and HoC for child..7th is HB, 11th is HC

- checking Ra aspects on planets in rashi and navamsa...Me, Su.....Me 6th lord become more malefic and Su LoB for child case
- checking for planets with 6th/12th lord in rashi/navamsa. Ju is 6th lord and me is 12th lord.....me is with ve in navamsa spoils ve.
- checking for aspects on house in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking for aspects on planets in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- checking malefic aspects on ABCDE in rashi.....Ju with 5 points aspects to HoE,Ve with 6 points aspects to HB
- checking benefic aspects on ABCDE in rashi.....St with 2 points also LoC aspects to HB,HA and Mo aspects to HB

Blessings,compatibility,DBCE, strong house,strong planets:

- as usual to be looked will look another time

Finding significator:

- checking for 2nd lord in rashi.....Ve is 2nd lord...Ve antra will bring more pain
- looking at 2,7,11 lords...ve and st...ve is with 6 points and st is with 2 pointsleft st less points and left ve 2nd lord
- looking at 2,7,11 occupants ...me and su...me is with 7 points and su is with 4 points ...left su less points and left me 6th lord
- looking at 4,12 occupants... ju and ke(ju/ju)... so ju....ju is with 5 pointsconsidering ju ...left as in Libra and aspect malefic to HOE
- consider Reperesnter for Ra/Ke...Su,Ve/ Ju,Ju.... ..left Ra as already left su and ve,left ke as already left ju
- looking at 4,12 lords....Mo, ju....considerin g moon as already left ju....mo may act..... still requires more time for me to finalise

Dear Devisingh ji,

Very nice attempt. Please continue your chain of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Cheers !!!

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
 selecting Mo main Dasha which is with FK Ve for 7th house
 Su and Ju seems significator from ws points for 7th house
 other planets aspects 7th house i left them

Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
 Ju having highest points and also LoE
 now considering Ju only as strong significator which in RK and NRK and natural samdharmi
 to Mo which is LoD.
 Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
 in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
 Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to
 finalize

Dear Devi singh ji,

Good to see you asking these basic questions.

Do not get confused and understand this concept the way originally intended. Like in the example you quoted here, first read the former line

that if two planets are samdharmi to another planet, then they will act accordingly in the sequence from the highest level to the lowest level of strength (as given there from point 1 to 4).

In navamsa, a planet will be having *one way* relation only and will be samdharmi to navamsa lord and navamsa lord will not be samdharmi to any planet residing in it.

Coming to your repeated question of Caps, this is nothing but using bold or capital letters for accentuating/emphasising your meaning.

Your understanding about Mo being samdharmi to Ma is correct.

In similar way, Sun can step in for Ma and vice versa.

Regards

Anup

Dear Anup Ji,

Thanks for your answers..... This will definitely helps much to clear my doubts.

In lesson 25 --rule 5th for functional samdharmi --this seems confusing to me and i came to some questions as below.

Part of text is as below.

"Suppose Planet P is in the same sign as Planet R in the rasi chart below and Q is in the same Navamsha sign as R is in the rasi chart. (see figure 1). Here we can say that planets P and Q are BOTH Samdharmi to Planet R "

My understanding is as below.

---planet Q will be samdharmi to navamsa lord 1 way

---P is samdharmi to R (2 way)---i guess they both are considered in same sign and same nakshatra as well??

---Q is samdharmi to R---here is question on what basis/relation? ?is this 1way or 2 way??

Still CAPS remains question to me....please provide full form?

Please correct me on below viz considering natural samdharmi only

---Mo antra can give results related to Ma---considering 1 way

---Ma antra (if came first after delay over)can gives results for Su

---Su antra (if came first after delay over)can gives results for Ma

Dear Anup ji,

Please provide your clarification for below my understanding related to samdharmi?

What is CAPS?..... is it another name same as KAS??

"6. Planets in same sign (1 in rashi and 1 in navamsa) NO"

My understanding about this rule is.....planets are samdharmi if are in same sign viz.....1 in rashi and 1 in navamsa

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi to each other 2 way

THE SAMDHARMI RULES ARE SIMPLE. IN ABOVE CASE JU AND MARS CAN NOT BE SAMDHARMI TO EACH OTHER AS YOU WROTE. JU IS IN LEO IN RASI (EVEN IF JU IS BETWEEN 26.40Deg ~30 Deg IN LEO WHERE JU WILL BE IN NAKSHTRA OF SUN), AND MARS IN LEO IN NAVAMSA. IN RASI, A PLANET CAN BE SAMDHARMI TO NAKSHATRA LORD ONLY AND NOT TO RASI LORD. SO JU IN LEO CAN BE SAMDHARMI EITHER TO KETU, OR VE OR

SUN WHERE AS IN NAVAMSA MARS IS SAMDHARMI TO SUN BEING IN SUN NAVAMSA.DO NOT TAKE SUN AS
COMMON FACTOR
 FOR BEING SAMDHARMI TO EACH OTHER.

DO READ AGAIN.A PLANET CAN NOT BE SAMDHARMI TO SIGN LORD.

SOME OTHER PLACEMENTS CAN MAKE THEM FUNCTIONAL SAMDHARMI,NO DOUBT.

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**"

My understanding is Planet placed in House E/D with more then 5 bindu can come forward (can be samdharmi) to give result for its dipositor when gets chance.

This is case where Ju with 5 point in Tarus and placed in 4th house....LoD for 7th house is Ve..... and Ju in Ve sign with 5 binduJu can come forward to give result due to its placement so samdharmi to Ve

JU AND VE CAN NOT BE SAMDHARMI BUT THEY BOTH WILL BE EAGER TO GIVE RESULT (AS IN THIS EXAMPLE) FOR 7TH AS WELL AS 11TH HOUSES.ANY PLANET PLACED IN A SIGN WITH MORE THAN 4 BINDUS WILL BE EAGER TO GIVE RESULT LIKE SIGN LORD,SO THEY BOTH WORKING FOR A COMMON CAUSE BUT CAN NOT BE SAMDHARMI TO EACH OTHER.

HERE JU CAN BE SAMDHARMI TO VENUS ONLY ...

- 1] JU IS IN 4TH PLACE FROM VE WITH MORE BINDUS IN RASI
- 2] IF JU IS PLACED TOGETHER WITH VE IN ANY NAVAMSA SIGN.
- 3] OR IF JU IS IN VENUS NAVAMSA

Natural Samdharmi questions

"Ma samdharmi to Mo...Ma can replace Mo --> **NO**"

My understanding is as below

Ma and Mo making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Mo can not be boss so Ma will be bossMo antra can be replaced by Ma...or Mo can come forward in its antra to give results for Ma.....(Natural samdharmi)

So it should be written as "Mo samdharmi to Ma..... Mo can be replaced by Ma"

"Su samdharmi to Ma...Su can replace Ma **YES**"

My understanding is as below

Su and Ma making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Su will be bossMa antra can be replaced by Su...or Ma can come forward in its antra to give results for Su.....(Natural samdharmi)

So it should be written as "Ma samdharmi to Su..... Ma can be replaced by Su"

MOON IS NATURAL SAMDHARMI TO MARS BUT FOR MOON,MARS CAN NOT BE NATURAL SAMDHARMI.SUN IS NATURAL SAMDHARMI FOR MARS.THIS RELATIONSHIP IS PURELY UNDER IDEAL CONDITIONS ONLY LIKE ON THE BASIS OF FIRST COME FIRST SERVE.

P.S.Bhukti Sequence indicated at summary page of worksheet that created confusion above mentioned.

Dear Devi Singh ji,
 My answers are in purple. Seniors please correct my errors as this is the very basic portion of KAS that we are strengthening.

Please clarify CAPS...this is new to me?

-----CAPS MEANS??WHAT ANUP JI WRITTEN IN BELOW CHAIN

"2.All Planets cojoin in sign NO"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

NO. Not in Rasi BUT YES in navamsa. If Ju and Ma are in Leo in Rasi they cannot be SD but if they are in same navamsa then they are SD.

In Rasi Ju and Ma have to be in the same sign AND also in the same nakshatra.

-----UNDERSTOOD

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

No. But according to lesson 25 they could be SD if they both have more points.

-----NO AND BUTWHAT I UNDERSTAND IS NO IF LESS OR EQUAL 4 BINDU AS PER RASHI ...YES IF MORE THEN 4 BINDU FOR BOTH...IS IT THIS YOU WANT TO CONVEY?

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) NO"

This is case where Ju with 5 point in Tarus and placed in 4th house....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

NO. Planet is not SD to sign Lo itself in Rasi.

-----SORRY TO SAY BUT THIS IS DOUBT FULLPLEASE REFER NOTES OF SUMMARY PAGE OF EXCEL SHEET AND ASH JI OLDER MESSAGE 2287

Here in your example if you are talking about 4:10 relationship than if Ju has 5 bindus in 4th place and if Ma is in 10th place with 3 bindus than Ju can be SD to Ma provided it has more bindus.

---NOT LIKE THAT NOT CONSIDERING 4:10

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra NO"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I think this is my mistake we should not consider Ra as it does not have rulership of any sign

NO. Ju is not SD to Su.

In this case if Ju is with Ra in rasi they are not SD. If they are in Leo that means Ra represents Su. Also we have to see nakshatra Lo that Ra is in. Say Ra is in nakshatra of Ve and from two of them whichever has more bindus Ra will represent like them. If Ve has 5 bindus and Su has 3 bindus than Ra will be more like Ve and less like Su also have to check the points in WS.

Now if Ra is with Ju in Sa navamsa than Ra is SD to Ju and SD to Sa.

To summarize this ex. Ra REPRESENTS Ve and is SD to Ju and Sa.

"Ma samdharmi to Mo...Ma can replace Mo --> NO"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... Mo can replace Ma.

However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

--WHAT IS PRESPECTIVE TO FIND NATURAL SAMDHARMIIS IT BHUKTI SEQUENCE?...OR 4:10 IN KAAL PURUSH.....
----IF CASE LOOKING 4:10MA/MO AND MA/SU MAKES 4:10 ...AND MO/SU ARE NOT CONSIDERED TO BE BOSS SO MA BECOME BOSSAND SU/MO GIVES RESULTS OF MA IN THERE ANTRA IS IT CORRECT UNDERSTANDING? ?

Yes. If Ma is in navamsa of Mo than Ma is SD to Mo and Ma can fill in for Mo.

Also, please refer to Ash ji's msg # 20953 link. Nice update and more clarifications.

Thank you,

-Bella.

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... .putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) **YES**
2. All Planets cojoin in sign **NO**
3. Planet is samdharmi to Lord of nakshtra sign **YES**
4. All Planets in same nakshatra **YES**
5. All Planets cojoin in navamsa **YES**
6. Planets in same sign (1 in rashi and 1 in navamsa) **NO**
7. Planet is samdharmi to Lord navamsa sign **YES**
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra **NO**
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa **YES**

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma **YES**

Ma samdharmi to Mo...Ma can replace Mo --> **NO**

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering
27.5-1.3=26.3 year initial value

Ju aspects Hb in navamsa but is in libra with rahu in
navamsa and in nakshtra of St so it can not check to saturn
so full delay no help from Ju to reduce delay as status of Ju
is not good

no zero in SAV so no addition in delay

Blessing in navamsa but can not help to reduce delay

St is with Ra in rashi so more afflicted add delay
 Mo aspected by Ra in rashi and St cojoin in navamsa ,As
 lumanaries are aspected so that will add delay

Main dasha lord Mo is OK as karka to give 7th house
 events

Mo-Mo
 Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have
 to be added

Mo-Ma
 Ju and Ma both in cancer one in rasi and another in
 navamsa makes them samdharmi
 Ju and Ma both are natural samdharmi
 Ju and Ma 4:10 in rashi/navamsa
 Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra
 Ra represnts Su/Ve....considerin g more like Ve NK FK....
 and cojoin Ju in navamsa so samdahrm to Ju

so Event can be in 3rd sector of it.....seems not wise
 choice still to me

Mo-Ju
 Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this
 system

- checking for aspects on planets in rashi/navamsa by 6th/12th lord..... ju is 6th lord and me is 12th lord.....
- cheking malefic aspects on ABCDE in rashi.....Ju with 5 points aspects to HoE,Ve with 6 points aspects to HB
- cheking benefic aspects on ABCDE in rashi.....St with 2 points also LoC aspects to HB,HA and Mo aspects to HB

Blessings,compatibility,DBCE, strong house,strong planets:

- as usual to be looked will look another time

Finding significator:

- checking for 2nd lord in rashi.....Ve is 2nd lord...Ve antra will bring more pain
- looking at 2,7,11 lords...ve and st....ve is with 6 points and st is with 2 pointsleft st less points and left ve 2nd lord
- looking at 2,7,11 occupants ...me and su...me is with 7 points and su is with 4 points ...left su less points and left me 6th lord
- looking at 4,12 occupants... ju and ke(ju/ju)... so ju....ju is with 5 pointsconsidering ju ...left as in Libra and aspect malefic to HOE
- consider Representer for Ra/Ke...Su,Ve/Ju,Ju.... ..left Ra as already left su and ve,left ke as already left ju
- looking at 4,12 lords....Mo, ju....considering moon as already left ju....mo may act..... still requires more time for me to finalise

Dear Devisingh ji,

Very nice attempt. Please continue your chain of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Cheers !!!

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
 selecting Mo main Dasha which is with FK Ve for 7th house
 Su and Ju seems significator from ws points for 7th house
 other planets aspects 7th house i left them
 Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
 Ju having highest points and also LoE
 now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.
 Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
 in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
 Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

Dear Devi singh ji,

In response to your first part of question, yes you are right and in line what you have written. This you could also go through KAS VISUALS

Secondly 1:7 ratio should also be considered in navamsa.

Dear Anup Ji,

Thanks for your kindness....I am sorry but i have no intelligence(no any St sector)!!!!.. ..

"planet is samdharmi to Nakshatra lord"

Should we consider nakshatra lord Ra/Ke??

E.g. ---Ra is in Leo and Ketu nakshatra and Ke is in aquarius and Ra nakshatra
Mo is in Ra nakshatraMo is samdharmi to Sun?

If above is yes then Should we consider nesting here??

e.g. Mo in Ra Nakshatra and Ra in Ketu and Ketu in Ra.....

I am now much better in natural samdharmi only 1 question.... ..

"Natural samdharmi Cease to become natural samdharmi if making 1:7"

Should we look 1:7 in navamsa as well ?? i think we should check this in rashi only same as 4:10

Looking Forward

Devisingh

Anup. M wrote:

Dear Devi singh ji,

Good to see you asking these basic questions.

Do not get confused and understand this concept the way origionally intended.Like in the example you quoted here,first read the former line

that if two planets are samdharmi to another planet,then they will act
accordingly in the sequence from the highest level to the lowest level
of strength (as given there from point 1 to 4).

In navamsa,a planet will be having *one way* relation only and will be
samdharmi to navamsa lord and navamsa lord will not be samdharmi to
any planet residing in it.

Coming to your repeated question of Caps,this is nothing but using bold
or capital letters for accentuating/ emphasising your meaning.

Your understanding about Mo being samdharmi to Ma is correct.

In similar way,Sun can step in for Ma and vicaversa.

Anup

Dear Anup Ji,

Thanks for your answers..... This will definitely help much to clear my doubts.

In lesson 25 --rule 5th for functional samdharmi --this seems confusing to me and I came to some questions as below.

Part of text is as below.

"Suppose Planet P is in the same sign as Planet R in the rasi chart below and Q is in the same Navamsha sign as R is in the rasi chart. (see figure 1). Here we can say that planets P and Q are BOTH Samdharmi to Planet R "

My understanding is as below.

---planet Q will be samdharmi to navamsa lord 1 way

---P is samdharmi to R (2 way)---I guess they both are considered in same sign and same nakshatra as well??

---Q is samdharmi to R---here is question on what basis/relation? ?is this 1 way or 2 way??

Still CAPS remains question to me....please provide full form?

Please correct me on below viz considering natural samdharmi only

---Mo antra can give results related to Ma---considering 1 way

---Ma antra (if came first after delay over)can give results for Su

---Su antra (if came first after delay over)can give results for Ma

Dear Anup ji,

Please provide your clarification for below my understanding related to samdharmi?

What is CAPS?..... is it another name same as KAS??

"6.Planets in same sign (1 in rashi and 1 in navamsa) NO"

My understanding about this rule is.....planets are samdharmi if are in same sign viz.....1 in rashi and 1 in navamsa

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi to each other 2 way

THE SAMDHARMI RULES ARE SIMPLE.IN ABOVE CASE JU AND MARS CAN NOT BE SAMDHARMI TO EACH OTHER AS YOU WROTE.JU IS IN LEO IN RASI (EVEN IF JU IS BETWEEN 26.40Deg -30 Deg IN LEO WHERE JU WILL BE IN NAKSHTRA OF SUN) AND MARS IN LEO IN NAVAMSA.IN RASI,A PLANET CAN BE SAMDHARMI TO NAKSHATRA LORD ONLY AND NOT TO RASI LORD.SO JU IN LEO CAN BE SAMDHARMI EITHER TO KETU,OR VE OR SUN WHERE AS IN NAVAMSA MARS IS SAMDHARMI TO SUN BEING IN SUN NAVAMSA.DO NOT TAKE SUN AS **COMMON FACTOR** FOR BEING SAMDHARMI TO EACH OTHER.

DO READ AGAIN,A PLANET CAN NOT BE SAMDHARMI TO SIGN LORD.

SOME OTHER PLACEMENTS CAN MAKE THEM FUNCTIONAL SAMDHARMI,NO DOUBT.

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE,HoD more then 4 points are expected) **NO**"
My understanding is Planet placed in House E/D with more then 5 bindu can come forward (can be samdharmi) to give result for its dipositor when gets chance.

This is case where Ju with 5 point in Tarus and placed in 4th house....LoD for 7th house is Ve..... and Ju in Ve sign with 5 binduJu can come forward to give result due to its placement so samdharmi to Ve

JU AND VE CAN NOT BE SAMDHARMI BUT THEY BOTH WILL BE EAGER TO GIVE RESULT (AS IN THIS EXAMPLE) FOR 7TH AS WELL AS 11TH HOUSES.ANY PLANET PLACED IN A SIGN WITH MORE THAN 4 BINDUS WILL BE EAGER TO GIVE RESULT LIKE SIGN LORD.SO THEY BOTH WORKING FOR A COMMON CAUSE BUT CAN NOT BE SAMDHARMI TO EACH OTHER.

HERE JU CAN BE SAMDHARMI TO VENUS ONLY ...

- 1] JU IS IN 4TH PLACE FROM VE WITH MORE BINDUS IN RASI
- 2] IF JU IS PLACED TOGETHER WITH VE IN ANY NAVAMSA SIGN.
- 3] OR IF JU IS IN VENUS NAVAMSA

Natural Samdharmi questions

"Ma samdharmi to Mo...Ma can replace Mo --> **NO**"

My understanding is as below

Ma and Mo making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Mo can not be boss so Ma will be bossMo antra can be replaced by Ma...or Mo can come forward in its antra to give results for Ma.....(Natural samdharmi)

So it should be written as "Mo samdharmi to Ma..... Mo can be replaced by Ma"

"Su samdharmi to Ma...Su can replace Ma **YES**"

My understanding is as below

Su and Ma making 4:10 in kalpurush chart so both are samdharmi to each other (2 way)....however i think Su will be bossMa antra can be replaced by Su...or Ma can come forward in its antra to give results for Su.....(Natural samdharmi)

So it should be written as "Ma samdharmi to Su..... Ma can be replaced by Su"

MOON IS NATURAL SAMDHARMI TO MARS BUT FOR MOON,MARS CAN NOT BE NATURAL SAMDHARMI.SUN IS NATURAL SAMDHARMI FOR MARS.THIS RELATIONSHIP IS PURELY UNDER IDEAL CONDITIONS ONLY LIKE ON THE BASIS OF FIRST COME FIRST SERVE.

P.S.Bhukti Sequence indicated at summary page of worksheet that created confusion above mentioned.

Please clarify CAPS...this is new to me?

-----CAPS MEANS??WHAT ANUP JI WRITTEN IN BELOW CHAIN

"2.All Planets cojoin in sign **NO**"

By this i mean to say if two planets are in one sign in rashi chart ...for example ju and ma both are in Leo...both become samdharmi to each other....ma has low points so Ma can replace Ju

NO. Not in Rasi BUT YES in navamsa. If Ju and Ma are in Leo in Rasi they cannot be SD but if they are in same navamsa then they are SD.

In Rasi Ju and Ma have to be in the same sign AND also in the same nakshatra.

-----UNDERSTOOD

"6.Planets in same sign (1 in rashi and 1 in navamsa) **NO**"

This is case where Ju is in Leo in rashi chart and Ma is in Leo in navamsa..... both are in Leo and become samdharmi

No. But according to lesson 25 they could be SD if they both have more points.

-----NO AND BUTWHAT I UNDERSTAND IS NO IF LESS OR EQUAL 4 BINDU AS PER RASHI ...YES IF MORE THEN 4 BINDU FOR BOTH...IS IT THIS YOU WANT TO CONVEY?

"8.Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**"

This is case where Ju with 5 point in Tarus and placed in 4th house.....so LoD for 7th house is Ve and Ju can give result due to its placement so samdharmi to Vecan replace Ve

NO. Planet is not SD to sign Lo itself in Rasi.

-----SORRY TO SAY BUT THIS IS DOUBT FULLPLEASE REFER NOTES OF SUMMARY PAGE OF EXCEL SHEET AND ASH JI OLDER MESSAGE 2287

Here in your example if you are talking about 4:10 relationship than if Ju has 5 bindus in 4th place and if Ma is in 10th place with 3 bindus than Ju can be SD to Ma provided it has more bindus.

---NOT LIKE THAT NOT CONSIDERING 4:10

"9.If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra **NO**"

This is case Ju is with Ra in rashi/navamsa.and Ra represents Su/St.....so Ju samdharmi to Su/St.....I think this is my mistake we should not consider Ra as it does not have rulership of any sign

NO. Ju is not SD to Su.

In this case if Ju is with Ra in rasi they are not SD. If they are in Leo that means Ra represents Su. Also we have to see nakshatra Lo that Ra is in. Say Ra is in nakshatra of Ve and from two of them whichever has more bindus Ra will represent like them. If Ve has 5 bindus and Su has 3 bindus than Ra will be more like Ve and less like Su also have to check the points in WS.

Now if Ra is with Ju in Sa navamsa than Ra is SD to Ju and SD to Sa.

To summarize this ex. Ra REPRESENTS Ve and is SD to Ju and Sa.

"Ma samdharmi to Mo...Ma can replace Mo --> **NO**"

I think this is again not true as per your emails and lessons as well.....rather Mo natural samdharmi to Ma..... Mo can replace Ma.

However i have not got root cause/main reason for thisrather what i think is Mo can not be bossPlease clarify or provide any means where should i look?

--WHAT IS PRESPECTIVE TO FIND NATURAL SAMDHARMIIS IT BHUKTI SEQUENCE?...OR 4:10 IN KAAL PURUSH.....

----IF CASE LOOKING 4:10MA/MO AND MA/SU MAKES 4:10 ...AND MO/SU ARE NOT CONSIDERED TO BE BOSS SO MA BECOME BOSSAND SU/MO GIVES RESULTS OF MA IN THERE ANTRA IS IT CORRECT UNDERSTANDING? ?

Yes. If Ma is in navamsa of Mo than Ma is SD to Mo and Ma can fill in for Mo.

Also, please refer to Ash ji's msg # 20953 link. Nice update and more clarifications.

Thank you,

-Bella.

Dear Anup ji,

Thank youfor corrections on emails.....this will keep me on track and avoiding out of track.

If Planets in navamsa have 4:10 relation we should not consider them samdharmi that is input for me.

Below is my understanding related to samdharmi what is gathered upto 2000 emails of achieves.... putting here so may be help full to other members as well please have a look and comment on them where requires...i have arranged them on priority basis please provides your valuable comment for them where required

1. Planets making 4:10 in rashi (offcourse boss and subordinate analogy) **YES**
2. All Planets cojoin in sign **NO**
3. Planet is samdharmi to Lord of nakshtra sign **YES**
4. All Planets in same nakshatra **YES**
5. All Planets cojoin in navamsa **YES**
6. Planets in same sign (1 in rashi and 1 in navamsa) **NO**
7. Planet is samdharmi to Lord navamsa sign **YES**
8. Planet is samdharmi to Lord of rashi sign----- (in case HoE, HoD more then 4 points are expected) **NO**
9. If Planet is with Ra in rashi/navamsa then consider Planets (may be 2-3) instead Ra **NO**
- 10.
11. Ra is samdharmi to sign lord and navamsa lord and planet cojoin in navamsa **YES**

Yes it is my mistake mo,ju,ma are not natural samdharmi as per KAS.....Please forgive me i might done it knowingly but not intentionally

In kalpurush chartlooking 4:10

St and Ve are samdharmi to each other....can replace each other

Su samdharmi to Ma...Su can replace Ma **YES**

Ma samdharmi to Mo...Ma can replace Mo --> **NO**

Dear All;

Some more thoughts to fix antra

St full delay but st have moved 15 degree so considering $27.5 - 1.3 = 26.3$ year initial value
Ju aspects Hb in navamsa but is in libra with rahu in navamsa and in nakshtra of St so it can not check to saturn so full delay no help from Ju to reduce delay as status of Ju is not good

no zero in SAV so no addition in delay

Blessing in navamsa but can not help to reduce delay

St is with Ra in rashi so more afflicted add delay

Mo aspected by Ra in rashi and St cojoin in navamsa ,As lumanaries are aspected so that will add delay

Main dasa lord Mo is OK as karka to give 7th house events

Mo-Mo

Mo LoD and Natural Samdharmi to Ju can give event

But I think this would not be case as some what delay have to be added

Mo-Ma

Ju and Ma both in cancer one in rasi and another in navamsa makes them samdharmi

Ju and Ma both are natural samdharmi

Ju and Ma 4:10 in rashi/navamsa

Ju LoE and high point So Event can be in 3rd sector of it.

Mo-Ra

Ra represnts Su/Ve....considerin g more like Ve NK FK.... and cojoin Ju in navamsa so samdahrm to Ju

so Event can be in 3rd sector of it.....seems not wise choice still to me

Mo-Ju

Ju Can give Event in 3rd Sector on it

will come up with more thought as gets educated to this system

ji,

Very nice attempt. Please continue your chain
of thought.

Try to find the antra that you think might give marriage. Just go upto antra.

So first compute the delay and there after start to think over the best possible period that u think can give the event.

However, do write your thinking process. That will help one figure out where you are going away or your confusion.

Well Done.

Cheers !!!

Dear All;

My first attempt using KAS rules/techniques only

7th house marriage:
 selecting Mo main Dasha which is with FK Ve for 7th house
 Su and Ju seems significator from ws points for 7th house
 other planets aspects 7th house i left them
 Su is with Me which is 6th lord makes Su samdharmi to 6th lord i left that
 Ju having highest points and also LoE
 now considering Ju only as strong significator which in RK and NRK and natural samdharmi to Mo which is LoD.
 Ju does not have sight on A/B/C and is LoE can gives results

Thinking for samdharmi of Ju
 in navamsa Ju is with Ra ...makes Ju and Ra samdharmi
 Ra can be thought to facilitate results for 7th house mattersstill this takes time for me to finalize

You are correct. It was a typo. It was good that I gave the degree of all planets so this mistake could be checked right in the begining.

Thanks Nikhlesh ji.

The date should be May 24th.

Sorry about that.

Dear Devi singh ji and group,

What if Ju has more than 4 sectors,should this person be like
a saint or more religious?

Obviously,such person will be deprived of other planet's essence.
In other words,lack of other qualities may affect such person to
use this "ability" or capacity to achieve the desired influence.

This can be unidirectional on either side,constructive or otherwise.

Dear Devi singh ji and group,

This i think,can not be defined in words.
What we are learning through KAS is nothing but a deep meaning of life.

Why we say worksheet is fixed for a certain person?

5/20/2020

Do everyone has to go through same pattern of antradasas in a every mahadasa period no matter the concerned activity area changes with every mahadasa.

Can we change it by any mean?

Thats why timing of every purpose is also pre-fixed and we can not avoid this but we can regulate to some extent by our continuous efforts Here we use this segment term MF factor in WS.

We have a little independence and if we choose to try and be happy separate from all this there has to be somewhere for us to go even then.

We are all destined to suffer as well as enjoy a certain part because of our karma which is nothing but reactions to the actions we have performed in this and pervious lives. That karma is fixed and cannot be changed by any type of technological advancement.

This all,guruji has taught us a lot which is invaluable and we can not repay back.I know this has nothing to do with timing of event but a mandatory part of KAS,no doubt.

Let me give you one example.

Suppose in a person's worksheet four planets have less than 12 points so we can get an idea this person might be having less education in his life or less chances in other words.

Now observing divisionals,if we find a blend of all planets in this then we can say this person can be blessed good education also or a educated person.

What do you say?

I hope you will write down your findings how you think the person
is in debt but enjoying his life.

Attempt by both of you will help other members to learn.

My attempt -

1. Saturn in 5th - full delay
2. Jupiter in D9 lagna aspecting 7th house - delay

The delay due to Saturn gets over when Saturn moves to Capricorn on 12 March 1990. The delay due to Jupiter - add another 1.5 years. So the full delay gets over in 1992. At that time, Rahu/Sat period was in operation. The event happens in the next antra after the delay is over. The next antra was of Mercury - LOE.

Marriage happened on 2nd March 1994.

The native appears to have debt but enjoys his life.

Thanks, Nir.

Dear Nirvana ji,

Your reasoning is understandable showing your keen interest in KAS and how much you are putting yourself in it.

Every planet has its significance and going deep through divisionals is not an easy task for observing nature and psychology of a person.

To explore the worksheet is like we are moving 84 steps of all planets and co-relating them in previous antras in a mahadasa following transit of these planets especially of Sa and Ju for zooming into financial position.

Venus should be scrutinised no doubt besides all this process.

So keep it up.

I do repeat, yes, this is an interesting chart because initially even I was stuck due to certain doubts which guruji cleared later on.

I want to add one more thing that this fellow was helping his father since 1984 onwards. His father died last year somewhere in Feb 2008 and mother also died in Jan 2009. Now he is running his business separately from his elder brother and he is dealing with gold and jewelry.

Regards
Anup

My reason for saying that this person appears to be in debt but enjoys his life -

1. Venus is of "loose" character as it is aspected by Saturn, is in the same house as Mars (very close to Mars), in Navamsa, it is with Mars and Moon (affects the thinking). Sun to Venus is more than 43 degrees.
2. 3 Sectors of Venus (enjoys life). But one sector of Mercury - so not very good in running the business.
3. The only house that has more than 12 points for all planets is 6th house - the house of debt / loans etc. Due to this, the 6th house becomes very strong, and the native is able to get the loans (debt) very easily.
4. For 12 house, most planets are more than 12 points (except Sun). Enjoys life.

Combined together, it appears that he is in debt but enjoys life.

I am still not sure how to see that he is in jewelry business. For occupation, the 10th lord from lagna, Moon, and Sun are Moon and Mercury. And, Jupiter is in 10th house from Moon. In D9 these planets (Moon, Mercury and Jupiter) are in Saturn, Mars and Jupiter's houses. Hence, the primary signifiactors for occupation in this chart are Saturn, Mars and Jupiter. There is no Venus impact. And, in all of the divisional charts, Venus appears in 10th house only for 2 charts. Sun has most 10th house position. Does Sun play a role in jewelry business?

Thanks, Nir.

At that time, Rahu/Sat period was in operation. The event happens in the next antra after the delay is over. The next antra was of Mercury - LOE.

Dear Anup ji

In this chart, Sa is in 5th house, but at the same time Ju has sight on Sa, so moderation of delay. I think Marriahe has taken place in the Antra of Sa, LOD for 7th in WS and with 32 pts. Sa is delay casing planet and LOD, so first sector, but as we have one zero because of Ma, it will be on 2nd sector. We shouldn't forget the tolerance of 13 days for an event, means when Su is transiting over Ve sign and Ma Nakshatra. If we see WS, Sa has 0 pts for 5th, means problems with love in marriage. Sa is LOE for 12th, means marriage for bed comforts and just enjoying physical sex with female. We can see that Ve is in Jyeshtha, under the aspect of Sa, under the effect of nodes, so near to Ma, distance between Ve and Ma is more than 43, all these show his excessive tendency for having sex with the opposite sex. It may be the possibility of extra marriage relations. About his financial position, we should check 11th, 12th and also 6th, 10th. I think he is not under debt, because: 1- in his birth chart, 10th and 11th houses both have 35 pts and 12th has 27. 2- if we check 6, 10, 11, 12 houses in WS we can see it good points for 6th and 10th, and for 11th and 12th houses points are not bad. 3- we can see that more planets are not in their unchcha sthan or MT or own sign.

Best Wishes
Hussein

Dear Nirvana ji and group,

We can have a better observation of this chart as per lesson10.

Feel free to write whatever you have in your mind after working out and taking every aspect right from rasi chart,SAV,WS,PDF and transit.

Just have a look at chart before you move to SAV and Worksheet.
I hope you will find the answer.

Anup

Another thought on this chart -

Rahu aspects from 8th house Venus and Mars in 2nd house (karaksthan) making them eager for marriage. Mars being in own house is strong. Rahu also aspects Moon in 12th - eager for sexual relationships.

Now we already know that Venus is "spoiled" due to variety of reasons (already pointed out in previous messages). It is possible that the marriage can happen in antra of a planet with low points. And, this could also be a case of "hurrying up" for marriage for sex. If that is the case, then let's see Rahu. It represents Moon and Venus. Moon has less than 12 points and is placed in 12th house (house of LoE). In this case, the marriage could have occurred in Rahu/Rahu period, that is in 1988.

But the question remains that if this is the case of "hurrying up", why not before Rahu/Rahu. He was running Mars/Moon in 1986. Why Rahu and not Mars?

Thanks, Nir.

Dear shashi ji,

I would like all enthusiastic members to give their opinion as per their experience for your query.

Otherwise one basic thing is that there is no set pattern which can reflect an individual nature. One has to look in for rasi chart, navamsa and placement of planets etc. Like in this example three sectors of Ve may be directional for good or bad but need to find out its inclination and potency.

Anup

Dear Anupji,
Under the topic of "Studying Marriage Event And Financial Aspects" there has been some discussion on the interpretation on the Sectors "Has 3 sectors of Ve, 3 Sa, 1 Ma, 1 Me and 1 Ju. He should have photographic memory and is smart and artistic (He is in Jewelry business according to Anup ji) with somewhat daring nature and a bit spiritual person. Not highly educated."

Would the experienced and learned members throw some light on the interpretation of the presence of each of the planets and their characteristics and the number of times that it repeats in the 9 places of the sectors.

Has there been any lesson in this regard, or some messages in the past. Please guide and sorry to have raised such a question and consumed your valuable time.

Dear Bella ji,

Till now we have the following points which we can say are being repeated for calculating delay in few charts like in here.

- 1] Sa in 5th house will cause full delay either in rasi or navamsa
- 2] Ve and Mars are together
- 3] Sa aspect Ve and Ve is in jyestha.
- 4] Su and Ve distance > 45deg
- 5] No blessings
- 6] A zero in any house can push the delay to next sector in an antra.

And might be few more which are not present in this chart. Comparing all we generally say the delay in marriage is possible. Where as Ju with 6 bindus aspecting Sa so delay can be moderated and this could be till Sa antra as you wrote.

Something is still missing under this context. Might be another thought can make you strike.

Good analysis otherwise and let's find out the reasons for his debt if so.

Anup

Dear Anup ji,

Here is my analysis. It is a good chart to learn as far as predicting the antra, I was debating inbetween 1st and the 3rd answer as both are capable of furnishing the result being LoD and LoE. Now the question is when after the delay.

So here is my analysis:

Lagna and 7th: 26/26

Lagna and 7th: Ve/Ma 1:1 < 3 degrees

Sun and 7th: Ve/Ma 1:1 < 3 degrees

Mo and 7th: Me/Ju 5:9 30 pts

Ve and 7th: Ma/Ve 1:1 < 3 degrees

Blessings: No Blessings

Su to Ve distance: > 45 degrees

6th Lo: Ju. Ju aspects melafically with -6 bindus to the 1st Hs Su and Me, 3rd and 5th Hs.

Overall Quality is Poor.

Sa Delay:

Sa in 5th Hs and aspects Hs A B and C. and LoA and LoB. Complete delay

1 zero

Ju aspects the delay causing planet and moderates the delay, even though it is 6th Lo and aspects melafically with -6 bindus. Therefore even though it has a zero the event will happen as soon as Sa delay is over. Sa the delay causing planet is also LoD and with high points in WS.

Sa is at 18'28. Therefore the delay technically ends when he turns 26.5 yrs. Which will be mid of 1992.

I think marriage happened on **Jun 18 / 1992. PDF of Ve/Ma or Ve/Me.**

Ve is spoilt being away from the Su and also in Jyestha. This Ve is aspected by Sa and is in the 10th place with more bindus so enhances bad qualities of Ve. Sa also aspects Mo in rasi.

NK Ve is with FK Ma who is 2nd Lo and also NK and FK in 2nd Hs.

Overall quality is spoilt but event will happen.

DBCE pts: 31/30/35/35

He is in business with rising points. He works hard to earn his income and is rewarded as much effort as he puts into work. Spending is less than income.

Sectors:

Has 3 sectors of Ve, 3 Sa, 1 Ma, 1 Me and 1 Ju.

He should have photographic memory and is smart and artistic (He is in Jewelry business according to Anup ji) with somewhat daring nature and a bit spiritual person. Not highly educated.

Currently his expenses would be on high scale then his income and would be stretching as far as financial matter goes.

Ju MD Started from Jan 04. In Ju/Ju he should have worked very hard to build up his business and get the reward. Same with Ju/Sa and currently Ju/Me. I think he is struggling through these antras.

Could have some savings towards his retirement.

Thank you,

-Bella.

Sub: Male native 22.10.65 , 06:50 am, 32.04.N, 75.28.E
Asc : 7Li58

Part of Ques.: when did he marry (18th jun 1992 or 6th Feb 1988 or 2nd Mar 1994).

Dear Group,

My reply unfortunately got delayed due to work related reason.

My analysis of the 1st part of questions is as follows;

The normal factors for delay of marriage are there as have been listed out by all participants.

Sa delay technically gets over on 6th Dec 1990 when Sa finally gets into Cp after being retrograde to Sg earlier from Cp. The AD of Ju (3rd sector) was in operation when Sa delay ended.

However, first we need to think whether this technical delay worked upon this native to its full effect or if not then to how much effect.

Sa is aspected by Ju and therefore technically speaking the Sa delay is moderated.

Ju is casting malefic aspect on Sa. But most important thing here is that both Sa and Ju are in the same Nks.

Therefore Ju is positioned to have greater impact in Sa than it would have had if they were not in the same Nks and had there been only the aspect of Ju on Sa.

Being in the same Nks there is something more than just the the aspect business. I think it resulted in greater moderation of the Sa delay.

Sa enhances the negative qualities of Ve but if aspected by Ju it modifies the result somewhat better. The modification here should have been in terms of marriage to a lady with whom he must be having affair etc....with all sorts of heavenly promises.

Ju is with high points (6) and it is placed in house D counting from 12th house and therefore Ju is set to give the result of the 12th house (physical comforts, marital bliss). The AD of Ju was to start early Oct 1988 and the platform for that was set just before this AD.

The native was running MD of Rahu during his marriage age time.

Rahu is affecting his Moon. Moon is the controller of mind. Moon is also the karak of 9th house.

His Rahu represents Moon and Venus. His Ve is strong for all the 12 houses. Again we remember that both Sa and Ju are in the Nks of Rahu.

Therefore when the AD of Rahu was in progress, the impact of Rahu (representing Ve, Mo and also having impact on Mo ie. mind due to its aspect on it) could overcome the delay factor pertaining to marriage as given by Sa (which was also simultaneously moderated by Ju aspect).

Therefore the Marriage of this male native must have taken place in the AD of Rahu, albeit in a later sector (one zero in SAV chart) and the normal reasons for delay in this chart becoming the reason for extending the event to the early 3rd sector instead of allowing it in the 2nd sector.

So the date 6th Feb 1988 out of the alternatives given, should have been his marriage date.

Nikhlesh Mathur

Dear Group,

The person married on 6thFeb1988.

He is through his worst phase of his life financially.
As he told,his reputation is at stake in the market.No body wants to
give him money on credit.But he bought a car and did some extension
of present house.He owe a lot of debt to the people.

These were the facts.Well done everybody who made their sincere attempts
like bella ji,hussein ji.

Congrates to Nikhlesh ji and Nirvana ji who read it perfectly with every point.
Afterall your hard work is showing over here now.

Dear Group,

The person married on 6thFeb1988.

He is through his worst phase of his life financially.
As he told,his reputation is at stake in the market.No body wants to
give him money on credit.But he bought a car and did some extension
of present house.He owe a lot of debt to the people.

These were the facts.Well done everybody who made their sincere attempts
like bella ji,hussein ji.

Congrates to Nikhlesh ji and Nirvana ji who read it perfectly with every point.
Afterall your hard work is showing over here now.

Regards
Anup

Check again for Ju delay.
There is no Ju delay in this chart.
Sa delay is there as Sa is in 5th house.

Dear Anup ji,

I would have never guessed Ra/Ra antra / 3rd sector if it came as a blind chart as we all are used to looking at the overall chart at a glance for quality and see the Sa and Ju delay first. Of course, because of complete delay, Ve being spoilt so very anxious to know the real reason behind Ra antra.

Very nice chart to learn for me as I have been practicing few charts and put it in the folder due to similar reasons. In spite of delay gave the results. Now I can pull them out and work on it.

Thank you,
-Bella.

Dear Group,

The person married on 6thFeb1988.

He is through his worst phase of his life financially.
As he told,his reputation is at stake in the market.No body wants to
give him money on credit.But he bought a car and did some extension
of present house.He owe a lot of debt to the people.

These were the facts.Well done everybody who made their sincere attempts
like bella ji,hussein ji.

Congrates to Nikhlesh ji and Nirvana ji who read it perfectly with every point.
Afterall your hard work is showing over here now.

Anup

Dear Nirvana ji,

In this chart there was much to learn than 7th house matters.
But questions were not enough and was not asked about.

Regards
Anup

Yes, Sa delay is completely nullified by Ju aspect in this chart.

Dear Anup ji,

Yes, in this chart there is no Ju delay and as I mentioned earlier that Ju is aspecting Sa and therefore will moderate the delay. Now my question is how much.

According to the answer if he got married on Feb 06 1988 than he was only 22 yrs. Does that mean that Sa delay is completely nullified by Ju aspect or is there any other reason to nullify the delay. Eager to know.

Thank you,
-Bella.

Dear Bella ji

Check again for Ju delay.
There is no Ju delay in this chart.
Sa delay is there as Sa is in 5th house.

Anup

Dear Anup ji,

I would have never guessed Ra/Ra antra / 3rd sector if it came as a blind chart as we all are used to looking at the overall chart at a glance for quality and see the Sa and Ju delay first. Of course, because of complete delay, Ve being spoilt so very anxious to know the real reason behind Ra antra.

Very nice chart to learn for me as I have been practicing few charts and put it in the folder due to similar reasons. In spite of delay gave the results. Now I can pull them out and work on it.

Thank you,
-Bella.

Dear Group,

The person married on 6thFeb1988.

He is through his worst phase of his life financially.
As he told,his reputation is at stake in the market.No body wants to give him money on credit.But he bought a car and did some extension of present house.He owe a lot of debt to the people.

These were the facts.Well done everybody who made their sincere attempts like bella ji,hussein ji.

Congrates to Nikhlesh ji and Nirvana ji who read it perfectly with every point.

Afterall your hard work is showing over here now.

Regards
Anup

Dear Nirvana ji,

Ju can moderate the delay even then.
 Please check the lesson 33
 Bindus have nothing to do with this drishti or aspect.

Jupiter is the 6th lord in this chart and has 6 points where it resides. That means, he aspects Saturn malefically. Can it still nullify/moderate the delay?

Dear Bella ji,

Delay is considered only for 7th house as per my understanding.
About the marriage whether it was arranged or a love marriage
i will surely try to bring this fact by tomorrow after asking the native

Dear Anup ji,

Here is another analysis:
First if we try to look at the overall aspect of the chart
Then if we try to find out if it could be love(5th) or arranged (partnership- 7th) Hs matter.
After that check the delay.

In this senario, if it is love marriage and if we take 5th Hs as B than there is no Sa delay and therefore once he crosses the legal age of 21, right antra will give marriage. Ra is SD to Mo which is LoE for the 5th HS and could have given the marriage.

This is what I think of Ra/Ra antra.

Thank you,
-Bella.

Dear Nirvana ji,

In this chart there was much to learn than 7th house matters.
But questions were not enough and was not asked about.

Anup

Dear Nirvana ji and group,

Please go through lesson 21

3rd 6th 10th and 11th houses from karak shows the karak functionality.
Like first house reveals a person's nature, personality and individuality details.
So if someone dealing with business should be having courage, social status,
and freedom of authority, following enough earnings etc.

If this pattern is in ascending order means this person can have less
obstacles in business. If points in any of the above house has less points
than previous house, this can indicate some obstruction related to the
concerned house having less points.

Hope this will help somehow.

Regards
Anup

Dear Krushnaji, Ash, Anup,

Whenever the points in 3,6,10, and 11th houses are in ascending order, it is said that the person will be successful in own business, since karak (lord of A or the first house lord) becomes strong.

The income is seen from 11th house, and its karak is 6th. So, if the points in 3, 6, 10, and 11 from the 6th house (that is, 8, 11, 3, 4th houses) are in increasing order, it means the person will earn good money.

Should it also be taken as someone who owns a business?

Thanks, Nir.

Dear Prabha ji and group,

We do not consider 4:10 relation in navamsa as per my understanding.
This is because we calculate WS points as per rasi chart like considering aspects, 4:10 etc.

Ju nullify/moderate Sa delay here as Ju is neither related to Sa by any mean nor it is in libra, This is by virtue of Ju natural benefic essence.

Now how much Ju can moderate the Sa delay?
Should it be 10% ,20% or more, after this we can reach the conclusion.

Anup

Respected Guruji, Anupji, and List Members
Date of birth 22th oct 1965 (male)
Time of birth 6.50am (TOB is correct, no need for rectification)
32N04 75E28 IST

For the given chart, members have said that there is a Sa delay which is moderated by Ju aspecting Sa. Also Ju is in 10th position from Sa in D9 (I think this 4:10 relation is considered in D9 chart too).
Now, in the chart there are also blessings involved with Ju aspecting Su. Here Ju is the lagna lord of D9 chart and Su is the 9th lord in D9 chart. And they both are in 5:9 relation in Rashi chart.
Sa delay gets over on 6 December 1990. There is a strong blessing and Moderation of delay by Ju.
So immediately after the native finished his education, Ma/Mo didn't give marriage as Mo is weak in 7th house with only 11 points.
Ra is like Mo and Ve but since both have 4 points in 8th house where Ra is posited, I think Ra is more like Ve because of its placement in Taurus in D9 chart. (I may be wrong in this concept).
So when Ra/Ra period came, Ve being strong in all houses especially in 7th house with 20 points gave marriage. Also there is 1 zero contributed by Ma in 4th house which combined with blessings and moderation gave the marriage on 6th Feb 1988 when Su was transiting Capricorn (Sa with 38 points) and Dhanishta Nakshatra (Ma with 18 points).
Thanks
Prabha

Dear Hussein ji and Group,

Your mails always gives energy to the group.
I know you never give up and always understand each aspect while
applying the rules till you are satisfied.

Sa is 18Aqu28 deg,so Sa delay should end when Sa enter capricorn
sign.Thus general Sa delay is arround 26yrs.After this Ju can moderate
the delay upto certain ratio enabling the active period after 21 yrs of age.

Now you can calculate the rest part like when and how.

Regards
Anup

Dear Anup ji

Let give my idea again.

As I told in my previous message,(21601) , I think it is love marriage.My reasons are these:

1-Being Ma with Ve(very close),

effect of nodes on Ve,aspect of Sa on Ve all show his excessive tendency.

2-LOD and LOE for 5th house as HB are Mo and Ma.LOD and LOE for 7th house as HB are Sa and Me.We

can see Me is SD for Ma,and Mo is SD for Sa.Means LOD and LOE of 5th house and 7th house have relation with each other.

Ok,After that we understood it is love marriage,we should select a suitable antra.If a man want to marry

soon,It will be around age 20.Ok .We start from Ma Mahadasa and Ve AD.But Ve is SD for Sa which is 12th

from 5th(though it is lord of 5th too,but it's more like 4th).Then reject it .After that we have Su and Mo antras

which both are weak for 7th house.After Ma Mahadasa we have Ra MD and Ra AD.Ra is SD for Ve which has

20 pts for both 5th and 7th and is SD for LOD for 7th(though it is SD for 12th from 5th but here it hasn't come directly and its SD,Ra , has come to give the results.

I want Anup ji to correct my mistakes in this analysis.(Please aware me about my mistakes in each line).

Best Wishes

Hussein

Sub: Feedback on a marriage prediction made through KAS analysis.

Dear Group,

Ref: Male 28.08.1982, 19:02 hrs, 28.36.N, 77.12.E, KAY 22:43:34
Asc: 18.Aq.25

Message no. : 18833 dated 21st Sept 2008

Prediction made about marriage date : March 2010

Event finalized : The native's father informed me telephonically that the engagement ceremony for his son would be on 19th Dec 2009 and that the marriage could be most probably in April 2010 (exact date yet to be decided). And so the prediction has come out to be quite true. The girl is not of the caste of this boy.

(If you read the analysis in message 18833 please also read a minor correction made by Ash ji in folowing a law, expressed in the immediate next message no 18834).

My sincere thanks to Shri Krushna ji Sir, Moderators and also fellow group members.

Dear Hussein ji,

The native hesitently accepted it was a love marriage.

The person comes only to ask for his financial projects though i asked rest of the things to verify his birth time only.

Marriage in 80' were generally performed before 24-25 years of age at the maximum. This person belongs to society where one is involved in father's business irrespect of his education and age.

Ju aspecting Sa in this chart. Ju is free from Sa influence by all means. So Ju should moderate the delay. Ma with Ve in rasi and navamsa can describe like the person might be inclined towards or having urge for opposite sex or next step could be he can have extra marital affairs also.

This combination can also show up native tendency for getting married *at early age rather than to delay it* for compensating his 12th house desires given by above combination like moon is in 12th house where as rahu antra is running representing Ve and Mo.

5/20/2020

Something you can get on this,i hope.

Regards
Anup

Dear Anup ji

In previous chart you have given and then sent answer,still somethings
are not clear :

1-Is that a love marriage or not?

2-What is the main reason for nullifying the delay?is that because of conjunction of Ma (FK) with Ve(NK)?

3-When guru ji will explain this chart as a lesson and also for use it in our future analysis?

Best Wishes

When Ma and Ve are together and in same nakshtra,so we should
also consider Sun-Ve disatnce.This can give us idea about
the native and his psychology.

Thanks Anup for mentioning Moon in 12th house and Rahu's aspect on it. I had mentioned it in my analysis that it seemed a case of "hurrying up" wedding for sex.

So, there is some merit in my observation. Thanks for confirming.

Dear Devi Singhji

Ju being in 4th house, aspects HoC when we take 6th house as HoB. This being the case, Ju with more points in 4th house reduces its power for 6th house (Please check WS for 6th house). That means Ju gives bad result for 6th house like diseases, debts, slow recovery from illness, etc. Similarly, for 8th house Ju gives bad results when placed in 4th house. And for 8th house too, Ju in 4th house aspects HoB, HoC - thus reducing its points in WS for 8th house. Yes Ju cant give death and death is a good event for a native.

Thanks
Prabha

Your message didnt bounce but was responded in some other way.
Here what you have asked is that Sa dealy could have been moderated
by conjunction of Ve and Ma both being NK and FK for taurus lagna here.

We also say that when Sa is in nakshtra of NK Venus, then there is a possibility that Sa delay can be reduced given other conditions are conducive. So if we keep in view the above factors and as you are saying also, can lead to facilitate the delay-moderation.

Adding further Sa is in Ju navamsa which is NRK and this Ju is placed in 9th house as well as Sa is samdharmi to Ju. Ju aspects Sa in rasi, so eventually Sa have to obey Ju here by moderating/nullifying the delay. Here Sa cause delay situated in its own sign with MF 1.4 but the planets placement are not favourable for it's action.

Rahu is like Ve and Mo situated in 8th house. Then in navamsa also Ra is samdharmi to Ve. If we see in navamsa Mo and Ve are samdharmi with the third partner Ma again. Mo is in house E in rasi.....

I hope i am able to clarify somehow.

Dear Hussein ji and group,

Your message didnt bounce but was responded in some other way.
Here what you have asked is that Sa dealy could have been moderated
by conjunction of Ve and Ma both being NK and FK for taurus lagna here.

Both are in same nakshtra as well in same sign Sco,so they are samdharmi.
This is point one.They are samdharmi to Sa in navamsa also which is causing
delay.Here Ve and Ma both have to act for Sa whereas Sa has given
7 bindus each to Ve as well as Ma in 2nd house.In other way Sa also
helped increasing power of these both in that house beside house B.

We also say that when Sa is in nakshtra of NK Venus,then there is a
possibility that Sa delay can be reduced given other conditions are conducive.
So if we keep in view the above factors and as you are saying also,can lead

Dear Prabha ji,

In this chart it is libra lagna and Mars is in its own sign but it will be losing its status for 7th house as Mars will be in 8th house from its own sign i.e Aries. So status of functional karka is spoiled for 7th house as well as for aries sign (effecting 12th house and 5th house matters also)

Further Ve being lagna lord goes to second house enhancing the status of first house. Here we can take natural essence of *this combination* in which status of NK is enhanced and of FK is spoiled. This is *specific* for the chart under discussion only where such combination is present. If there is any moderation owing to such natural combination that can be *a meagre one*. We should look for the psychology and environment of the native above all.

We are concerned with 7th house matters here and status of Ma is spoiled. Ju aspects Sa. Now you can follow easily why this Sa delay was nullified.

Was this due to Ve-Ma combination?
Or due to Ju aspect?

We should follow the rules as per lessons.
So what we are taught makes more sense and is quite powerful.

Anup

The combination of Ma-Ve due to their nature give early/moderation in marriage in case of any lagna or as in this case because of being FK-NK combination for Libra lagna?

TO: astrologyandtimeevents@yahooogroups.com
DATE: 22/12/2009 09:36

Dear Devi Singh ji and group,

Delay is natural tendency of Sa either it is LoD or LoE.
So there is no question of "**no delay**" as such.

5/20/2020

If this Sa is with less bindus in 5th house, the delay will be for better purpose. Sa here aspects primary upachya houses A, B and C and it will also build its power for 7th house like if Sa is with 1 bindu situated in 5th house then it will add power by $7+7+7=21$ to its basic strength for 7th house.

So delay will be there but after delay is over then marriage can happen in first sector of delay causing planet i.e. of Sa.

Can anybody try to put what is reason for no delay in below case?
What I can think that in this case it would be in Leo and can never fall in Saturn navamsa and Nakshatra will be ruled by Ke but can not convince myself with this.

Looking more into this chart - her 10th lord is in 2nd. Must be rich (loE for the 5th house (unearned income) is in D house).

Rahu in ascendant - does it mean that she may have a scar on her forehead?

In navamsa, Saturn aspects Venus, Rahu aspects Venus. Rahu is with Mars in 12th house. So, Venus is spoilt. Saturn has zero point in 5th house. That means some issues with love affairs. 12th house has more than 12 points for all planets. More interested in enjoyment, sex etc.

Currently running Saturn/Mars period. Mars is 2nd lord - must be going through worries, anxiety, toothache etc.

Question - did she marry an older person?

Thanks, Nir.

Thanks for your words appreciating KAS.
If you got through the "KAS chart studies" you can find one of the chart

Dear Nirvana ji,

You are on right track of what you have understood.

Check the 2nd house means family which has 8 points so staying away
from this unioin and 3rd house again with 8 points showing lack of courage,
mother,brothers, sisters etc

Check also 12th house during Ma antra and it's points.

Still time like more than a month is left,i hope this can prove your conviction.
Ju antra all set set for this platform.So marriage in Ju antra is possible

Dear SSMistri,

For govt job you have to wait for sometime.
However financially,you may be able to manage from next mid
year onward till Oct2011.

Try to control your expenses after 2011 onward in Ketu and Ve antras.
Again chances of getting a contact or job can not be denied during this time.

So as we say,do not forget to apply your efforts because these never go futile.

Best of luck

Yes, from Worksheet we can interpret like this also.
What are the facts only deepak ji can tell us.
We should observe every house for a reason so this was my understanding.

Dear Devi singh ji and group,

Could you please write us when this person got his job.
Was this somewhere in the year 2003-2004?

For marriage, considering FK and NRK Ju is spoilt being in 6th house,
Ve which is NK, FRK and LoD is in 6th house. Ve is also in nakshtra
of 6th lord Mo though Mo is not considered as 6th lord.

Further Su-Ve at distance of 45 Deg, Ve and Ma are together in
rasi as well as in navasa with Mo. Sa as LoE is spoiled as Sa is in 8th house
from 12th and also in leo sign whereas Su as 7th lord is in 6th house.

So...quality of marriage ?

Coming to delay factor there is Ju delay too.
Again there is a zero in 8th house by Sa adding for delay.

After getting job, which seems to be around in 2003 onward, its Ma antra.
Ma aspect house A and C. Ju aspects house A too for 7th.

I am leaving here for members to work out for this marriage event
if they think marriage is feasible.

Regards
Anup

Dear Sunder ji,

Please do some more efforts and check the lagna.

Planet	Degrees	Nakshatra	Ld	Nav
As	0 Pi 58	P.Bhadrapada	Ju	Cn

What if MD concerned houses changes like here from Pi lagna to Aqu lagna?

Now be sure first you are working on a right chart with proper lagna.
Otherwise it will make a huge change in above chart and you will be lost with many unanswered questions.

So it is advisable to fix the lagna first.

Dear Sundar ji,

After fixing lagna, find out the Sa delay as well as following Sa antra after 1988. Also check Ketu antra in 1993 and ketu here is like Sa and Su.

You can see Sa is strong in all the houses.

Hse	SAV	Su	Mo	Ma	Me	Ju	Ve	Sa
1	31	14	15	14	15	15	10	20
2	27	16	17	10	11	21	4	35

6	27	15	11	20	18	20	18	29
7	26	9	14	9	7	16	16	29
8	24	13	13	8	20	11	15	28
9	26	12	13	9	16	20	8	30
10	40	19	14	18	15	16	17	28
11	26	11	15	9	19	12	19	30

You will get an idea about the proper lagna.

Dear Devi singh ji,

Leaving rectification aside what i mean to say is overall quality of marriage is quite poor. We say that quality and timings are two different aspects. That's why we assess the quality of *karak* and *mool karak* first and then of LoD and LoE. So if these all are spoiled, we have to judge the psychology as well as environment and then nature of the person from divisionals. This can lead us to *tendency* of the event if still something is left over.

Thus it's not a one liner job to fix the event whereas you can find many charts as you wrote where you can lost in oblivion for nothing.

I hope you are getting me.

Like in this chart, you tried to rectify the time but still not getting any satisfactory answer from yourself.

Here moon is itself is a 6th lord and Ju in moon navamsa. Coming antras are Ma, Ra and Ju where as Ma and Ju aspect house A.

Now these all antras are following after Ju delay. Ma is strong with 24 points in 7th house. We do not consider sight of such planet on house A, B, or C. Ra is SD to Sa and Sa is LoE here. These antras are eligible no doubt.

I expect members to share what do they think about this chart without any sort of time rectification.

Regards
Anup

I again read chapter 24 and Finally i am able to convince my self with first questions 'Why he had Get Married' using below points Please correct/add your points in my observations

--Ve is Strong for All house or atleast not bad for any house
--Ve points are present for 1st and 7th house
--Does not match much criteria for non-marital status Chapter 24
--Mo is at good position in chart (have Benific sight of St).....i am not sure this can count too?

However i have tried to rectify chart and if i take time 20.00 pm that change Navamsa Asc

--Quality worst from both times
--Above time change Navamsa but not sure does that goes like that?

Can anybody find out Probable Date or Month for Marriage i will let you know Later the Results.?

Was this somewhere in the year 2003-2004?

For marriage,considerin g FK and NRK Ju is spoilt being in 6th house,
Ve which is NK,FRK and LoD is in 6th house.Ve is also in nakshtra
of 6th lord Mo though Mo is not considered as 6th lord.

Further Su-Ve at distance of 45 Deg,Ve and Ma are together in
rasi as well as in navasa with Mo.Sa as LoE is spoiled as Sa is in 8th house
from 12th and also in leo sign whereas Su as 7th lord is in 6th house.

So...quality of marriage ?

Coming to delay factor there is Ju delay too.
Again there is a zero in 8th house by Sa adding for delay.

After getting job,which seems to be arround in 2003 onward,its Ma antra.
Ma aspect house A and C.Ju aspects house A too for 7th.

I am leaving here for members to work out for this marriage event
if they think marriage is feasible.

Dear Amit,

When Sa delay can be over?
You need to study the KAS Visulas where a complete lesson is given.

In this chart Sa enters previous sign i.e leo from fifth house in Nov2006.
Accordingly Sa delay will end that time.

Now check the antra after this.

Saturn	2007-May-18	2008-Jun-25
---------------	-------------	-------------

Sa is strongest in 7th house with 25 points.
What do you say?

Dear Amit,

Here Sa is "eligible" and as i wrote has 25 points in 7th house.
Sa is also having 22 points as LoD in 12th house as well as it is LoE
in 5th house.

Here Sa is "eager" and can give marriage as such.
Just check the relation of lagna,Mo,and Su from its 7th lord.
Blessings are present too if we see from lagna and Su.

Following antras are Me and Ve where Ve is 6th lord.

Dear Nikhlesh ji and group,

Here are few points as guruji taught regarding Sa delay.
Lets take this chart as an example for this learning.

When Sa enters in leo (previous sign) and becomes retro and return back
to cancer then delay will not be over. But if Sa re-enter in leo sign then
delay will be over.

Few clarifications are...

1. if Sa enters a sign with a minimum distance of few degrees, say it
covers atleast a navamsa or so and becomes retro then delay will be over.
2. If Sa after entering a sign while remaining in the same sign for the duration
say around three months then the delay will be considered over.
3. If Sa stays for a shorter duration and becomes retro while going back to cancer
sign (like here) then delay will be not over but ***it will start showing some
progress in this matter.***

So in this chart, delay will be over after re-entering irrespect it becomes retro
on 8th July 2007

Anup

Dear Ash ji, Anup ji, Ramesh ji and Group,

Can I please request for clarification of a technical 'funda' on the basis of the above mentioned chart.

In context to the above chart I have noted that :

There is full Sa delay. Sa is 29Vi26. Sa enters Leo on 20th Oct 2006 but soon after on 6th Dec 2006 it turns retrograde. So we cannot assume Sa delay to be over on 20th Oct 2006.

On 24.01.2007 Sa goes back to the Cancer sign.

On 20.04.2007 it stops being retrograde but continue to remain in the Cancer sign. So I think the delay period continues then.

08.07.2007 Sa re-enters Leo sign.

On 19.12.2007 Saturn becomes retrograde once again in the Leo sign.

On 03.05.2008 it stops being retrograde in the Leo sign and thereafter moves only forward in the Leo sign for its remaining stay in this sign.

Question:

So should not the technical delay of Sa be considered over only on 3rd May 2008 when Sa finally starts moving ahead in this sign?.

Will the Sa delay said to be technically over on 08.07.2007 when Saturn re-enters Leo ?

Or,

Will it be over when Sa finally stops turning retrograde and starts moving only forward in Leo sign which it did from 3rd May 2008 onwards.

What is that precise date on which Sa delay here is technically over?

Thanks in advance for clarifying this technical issue.

One very important point is here that the native has blessings between Sa and Ve.
Sa is itself a delay causing planet.

Sadelay gets over on 20 Oct 06 when Ju antra was passing.

Next following antra is that of Sa.

Sa is SD to Ma LoE and it has max.SAV point for 7th in WS.

Sa being delay causing planet should have given the result in first sector itself but there is one zero in SAV so Sa has given the result in second sector.

Thanks and regards.

Dear Ramesh ji,

Please go through message #21748 where Ash ji has already explained this thing in detail.

Sa here gave the marriage *as samdharmi* to Mars and *not itself*.

Now you can well judge the scenario as this is as per our rules.

Ma antra was covered by delay period where Ma is eager as LoE

5/20/2020

for seventh house matters.

Hope it is clear now.

Dear Ash Ji, Anup Ji and all,
As per this writeup I am now confused.
In the discussion chart Sa is at 29 Vi 27 at the time of birth.
For calculating the delay period, Sa enters in Leo on 20 Oct 06 at 0 deg 2 min.
I did not calculate the exact time but on this date it was in the position of 0 deg 2 min
then it becomes under retrogression in Leo sign itself at 2 deg on 08 Dec 06.

It means he travelled for a period of 2 months 18 days covering the arc of 2 deg 33 min.
It means he travelled only less than a navamsa..
Therefore according to the para 1 of clarification Sa delay becomes over on 08 Dec 06.

Sa enters Karka sign while in retrogression on 24 Jan 07. He covers the arc of 29 Cn 58..
He covers the distance of only 2 deg 2 min which is again less than a navamsa.

Sa becomes direct in Karka on 20 Apr 07 at the arc of 25 Cn 06

Again he moves to Leo sign on 08 Jul 07 at 0 deg.

Anup Ji when you consider the end of delay on 08 Jul 07, in that case this delay ends in the first sector Sa antra and then Sa antra should not give the event.

On the contrary when the end of delay is considered on 20 Oct 06, it falls during Ju antra and then Sa antra is ready to give the event.

Thanks and regards.

Dear Prabha ji,

We should go the KAS rules.

So for girl chart, when did the Sa delay gets over?

Sa is retro and delay was over in 8th July 2007 after reentering previous sign leo.
 After this we get Ju delay though a meagre one in the sense Ju does not aspect
 but conjoins with 2nd lord being 7th lord so we can say have some delay influence.

So these are the rules and should be observed before proceeding for a chart.

Now check the irregularities that Ju has to rectify as natural "guru" by number of
 striks on 7th house or it's lord.

Dear Members,

Male; DOB: 12-Dec-1979; TOB: 1655 hrs; POB: 12N59, 77E35

1. The chart has Sa delay and Ju delay.
2. Sa delay gets over in Oct 2006.
3. At that time Ju has also completed its delay period being in 7H.
4. The antra at that time was of Ju. Next antra was of Sa, Me, Ke -- and all 3 has a link to 6th lord.
 So the marriage couldn't take place.
5. Next antra of Ve gave marriage on 28-Dec-2009 when Ju in transits was aspecting 7H.
 Su was transitting Ju, Ve Nks. Ve is also SD to LoE.
6. If we change the time by 5 min, the marriage would have taken place in Mo antra which is LoD.

Anyone who would like to rectify the time some of the events in the native's life is ----

1. Bachelors Mechanical Engineering came to US in 2002 to do Masters in Mechanical engineering completed in June 2004.
2. Second Masters in Business Administration started in September 05.
3. Met his would-be wife in November 19th 2004.
4. He returned to India in June 2007.
5. Is currently doing real estate and construction in a joint collaboration with cousin and holds a director of marketing
 and business development position.
6. His parents are living and has an older brother who was married in June 2006

His Wife; DOB: 28-Sept-1984; TOB: 9.59 am; POB: 31N45, 106W29; Time Zone: MST +7.00; DST: Yes

1. There is Sa delay and Ju delay.
2. Ju delay gets negated as Ju is SD to Me. Me is LoE. So Ju is rather eager to give results.
3. Sa delay gets over in Sept 2009.
4. When delay got over the antra running was Ve antra.
5. Sa is LoD. Ve is NK of marriage, natural SD to Sa, and Ve is functional SD to Sa.
 So Ve has become very eager to give marriage in its antra itself though the delay period also gets over in Ve antra.
6. Next antra of Su is with high points, so she may have some problems. But if she shows some patience and sit tight the
 problems can be averted. Also if we check there is attraction in both husband-wife charts.

Some of the events in the native's life is.....

1. She finished High school in 2002.
2. She began college classes in Bussiness Management in March 2004, there was a break from Jan 2005 until May 2005.
3. Again from May 2005 to June 2007 continued classes then discontinued and was unable to finish her bachelors after this.
4. She acquired a sales position from September 2004-June 2009.
5. Her father at present is not feeling good health.

Thanks
 Prabha

Dear Prabha ji

You are right some mistake on my side while casting chart.
Sa delay ends somewhere in Sep2009 onward.

Here Ju is 6th lord and when it generally comes forward ?
Why it is eager to compensate it's own delay?

That's why we treat it as naughty chap with no base and it can jump
to assume any role in a house as per its nature.

So two aspects can be there either benefic or malefic but being 6th lord
we can not expect anything like good from it.

Marriage happened in Ve antra where Ve and Sa are strong SD though
Ve is losing its power in 7th house by 5 bindus due to its own sight.

The combination of mutual aspects for Ra and Sa on Ve and Ma
in both the charts are there so attachment as well as mutual understanding
is reflected for the couple.

We should look for the positive factors too beside other small malefics things
that we generally preserve in mind like high and low.

So happy sailing for the couple, we can say.

Karak for lagna is Ve and it is in lagna. So it shows something.

She can think of doing some job in coming antra which may be needed
during that time to cope up with the responsibilities she might incur.
Think here Me is SD to Su also.

With all Blessings to the couple

Anup
